### Notice of Lodging of Amended Consent Decree Under the Comprehensive Environmental Response, Compensation and Liability Act

Notice is hereby given that on October 31, 2002, a proposed amendment to a consent decree entered on April 28, 1992 in *United States and State of Arizona v. Motorola, Inc., Siemens Corporation, Salt River Valley Water Users' Association and GlaxoSmithKline*, Civil Action No. CV-91-1835-PHX-WPC, was lodged with the United States District Court for the District of Arizona.

In this action the United States sought the performance of response actions and the recovery of response costs incurred and to be incurred by the United States with respect to releases of hazardous substances at the Indian Bend Wash, North, Superfund Site in Scottsdale, Arizona ("Site"). The consent decree entered by the Court on April 28, 1992 required the performance of certain work by the Defendants Motorola, Inc., Siemens Corporation, the Salt River Valley Water Users' Association and GlaxoSmithKline (collectively "Defendants"), with participation by the City of Scottsdale pursuant to Rule 19 of the Federal Rules of Civil Procedure.

One provision of the April 28, 1992 consent decree specified that, if EPA determined that additional work was necessary to remediate contamination at the Site, the parties would negotiate informally to incorporate a requirement for the performance of that work into the April 28, 1992 consent decree. The Amended Consent Decree would incorporate certain additional work to be performed at the Site by the Defendants and the City that EPA has

deemed necessary. This work includes, but is not limited to, the continued operation and maintenance of three groundwater treatment facilities and related extraction and monitoring well systems.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Amended Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, PO Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States and State of Arizona v. Motorola, Inc., Siemens Corporation, Salt River Valley Water Users' Association and GlaxoSmithKline*, D.J. Ref. 90-11-2-413.

Commenters may request an opportunity for a public meeting in the affected area, in accordance with section 7003 (d) of RCRA, 42 U.S.C. 6973(d).

The Amended Consent Decree may be examined at the Office of the United States Attorney, Two Renaissance Square, 40 N. Central Avenue, Suite 1200, Phoenix, Arizona 85004-4408, and at U.S. EPA Region 9, 75 Hawthorne Street, San Francisco, California 94105. ## DEPARTMENT OF JUSTICE

### [AAG/A Order No. 298-2002]

### Privacy Act of 1974: System of Records

Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a), the Department of Justice, Office of Professional Responsibility (OPR), proposes to modify the following system of records previously published in full text in the **Federal Register** on December 10, 1998 (63 FR 68299

(1998)): Office of Professional Responsibility Record Index, JUSTICE/OPR-001.

OPR is adding three new routine uses to this system of records. The first routine use allows the disclosure of information to contractors and others working on behalf of OPR when necessary to accomplish an OPR function related to this system of records. The second routine use allows the disclosure of information to former employees of the Department for the purpose of responding to official inquiries by government entities or professional licensing authorities in accordance with applicable Department regulations. This routine use also allows disclosure to former employees where the Department requires information and consultation assistance from the former employee that is necessary for personnel-related or other official purposes. The third routine use will allow the disclosure of information to members of the judicial branch of the Federal government in response to a written request where disclosures are relevant to the authorized function of the recipient judicial office or court system.

Title 5 U.S.C. 552a(e)(4)(11) provides that the public be given a 30-day period in which to comment on the proposed new routine use disclosures. The Office of Management and Budget (OMB), which has oversight responsibilities under the Privacy Act, requires a 40-day period in which to conclude its review of any proposal to add new routine use disclosures or make other major modifications.

You may submit any comments by December 27, 2002. The public, OMB and the Congress are invited to send comments to Mary Cahill, Management Analyst, Management and Planning Staff, Justice Management Division, Department of Justice, Room 1400 National Place Building, Washington, DC 20530. If no comments are received, the proposal will be implemented without further notice in the **Federal Register**.

In accordance with 5 U.S.C. 552a(r), the Department has provided a report to OMB and the Congress on the proposed new routine uses.

Dated: November 15, 2002.
