SUPPLEMENTARY INFORMATION:

Authority: 15 U.S.C. 3711a(d)(1), 15 U.S.C. 3711a(d)(2)(B) and the Federal Advisory Committee Act, as amended, 5 U.S.C. App.

Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. App., notice is hereby given that the Board of Overseers and the Judges Panel will meet in open session on Thursday, June 7, 2018 from 8:30 a.m. to 3:00 p.m. Eastern time. The Board of Overseers (Board), composed of approximately twelve members preeminent in the field of organizational performance excellence and appointed by the Secretary of Commerce, makes an annual report on the results of Award activities to the Director of the National Institute of Standards and Technology (NIST), along with its recommendations for improvement of the Award process. The Judges Panel consists of no less than nine, and not more than twelve, members with balanced representation from U.S. service, manufacturing, small business, nonprofit, education, and health care industries. The Panel includes members who are familiar with the quality improvement operations and competitiveness issues of manufacturing companies, service companies, small businesses, nonprofits, health care providers, and educational institutions. The Judges Panel recommends Malcolm Baldrige National Quality Award recipients to the Secretary of Commerce.

The purpose of this meeting is to discuss and review information received from NIST and from the Chair of the

Judges Panel. The agenda will include: Baldrige Program News, Alliance for Performance Excellence Update, Baldrige Foundation Update, Report from the Baldrige Judges Panel, Ethics Review, Baldrige Enterprise Planning, Award Process Redesign, Proposal to Expand Award Categories, and New Business/Public Comment. The agenda may change to accommodate the Judges Panel and Board of Overseers business. The final agenda will be posted on the NIST Baldrige Performance Excellence Program website at <http://www.nist.gov/baldrige/community/overseers.cfm>. The meeting is open to the public.

Individuals and representatives of organizations who would like to offer comments and suggestions related to the Board's affairs and/or the Panel of Judges' general process are invited to request a place on the agenda. On June 7, 2018, approximately one-half hour will be reserved in the afternoon for public comments, and speaking times will be assigned on a first-come, first-served basis. The amount of time per speaker will be determined by the number of requests received, but is likely to be about 3 minutes each. The exact time for public comments will be included in the final agenda that will be posted on the Baldrige Performance Excellence Program website at <http://www.nist.gov/baldrige/community/overseers.cfm>. Questions from the public will not be considered during this period. Speakers who wish to expand upon their oral statements, those who had wished to speak, but could not be accommodated on the agenda, and those who were unable to attend in person are invited to submit written statements to the Baldrige Performance Excellence Program, Attention Robyn Verner, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 1020, Gaithersburg, Maryland 20899–1020, via fax at 301–975–4967 or electronically by email to robyn.verner@nist.gov.

All visitors to the National Institute of Standards and Technology site will have to pre-register to be admitted. Please submit your name, time of arrival, email address and phone number to Robyn Verner no later than 4:00 p.m. Eastern time, Thursday, May 31, 2018, and she will provide you with instructions for admittance. Non-U.S. citizens must submit additional information; please contact Robyn Verner by email at robyn.verner@nist.gov or by phone at (301) 975–2361. Also, please note that under the REAL ID Act of 2005 (Pub. L. 109–13), federal agencies, including NIST, can only accept a state-issued driver's license or

identification card for access to federal facilities if issued by states that are REAL ID compliant or have an extension. NIST also currently accepts other forms of federal-issued identification in lieu of a state-issued driver's license. For detailed information please contact Ms. Verner or visit: http://www.nist.gov/public_affairs/visitor/.

SUPPLEMENTARY INFORMATION:

Agenda

Tuesday, June 12, 2018

After introductions and brief announcements, the meeting will begin with reports from the Council Chairman and Executive Director, NMFS's Regional Administrator for the Greater Atlantic Regional Fisheries Office

(GARFO), liaisons from the Northeast Fisheries Science Center (NEFSC) and Mid-Atlantic Fishery Management Council, representatives from NOAA General Counsel and the Office of Law Enforcement, and staff from the Atlantic States Marine Fisheries Commission and U.S. Coast Guard. Next, the Council will hear from its Skate Committee. The Council is expected to take final action on Framework Adjustment 6 to the Northeast Skate Complex Fishery Management Plan (FMP), which was developed to consider alternatives for prolonging the skate wing fishery. The Council then will discuss the Council Program Review Panel's final report and potentially take action on next steps to improve operations based on the panel's recommendations. The Observer Policy/ Industry-Funded Monitoring Committee will be up next. The Council will consider and potentially adopt the committee's comments on NMFS's draft policy directive for allocating costs in electronic monitoring programs for federally managed U.S. fisheries.

After the lunch break, members of the public will have the opportunity to speak during an open comment period on issues that relate to Council business but are not included on the published agenda for this meeting. The Council asks the public to limit remarks to 3–5 minutes. Following public comment, the Atlantic Herring Committee will provide a report on two items. First, the committee will discuss and present its recommendation on whether or not river herring and shad should be added as stocks in the Atlantic herring fishery. The Council may take action based on the committee's advice. Next, the Council will receive an initial overview of the 2019–2021 specifications process. The Council also may consider options for mitigating impacts of potentially lower catch limits through appropriate adjustments authorized by the Magnuson-Stevens Fishery Conservation and Management Act. The Council then will adjourn for the day. Immediately thereafter and in the same room, the Council will conduct a public hearing on Amendment 8 to the Atlantic Herring FMP, which proposes alternatives to: (1) Establish an acceptable biological catch (ABC) control rule for Atlantic herring; and (2) address potential localized depletion and user conflicts in the fishery.

Wednesday, June 13, 2018

The second day of the meeting will begin with a report on NMFS's Fisheries Allocation Policy Directive and two associated Procedural Directives. The Council will discuss these directives for reviewing fisheries allocations, which

include identifying “triggers” to initiate an allocation review. Next, the Council will receive an update from NEFSC staff on the Northeast Fisheries Observer Program and the 2018 fishing year sea day schedule. The Groundfish Committee report will follow. The Council will initiate Framework Adjustment 58 to the Northeast Multispecies FMP, which will include: (1) 2019 Total allowable catches for U.S./Canada stocks of Eastern Georges Bank (GB) cod, Eastern GB haddock, and GB yellowtail flounder; (2) rebuilding plans for several groundfish stocks; and (3) other measures. Groundfish Monitoring Amendment 23 will be taken up next. The Council will view video footage of electronic monitoring in operation on fishing vessels. It then will receive an update on the potential range of alternatives in the amendment, which is being developed to improve the overall catch and discard monitoring program in the Northeast multispecies fishery. The Council may select the range of alternatives for further analysis at this meeting. The Council also will receive a progress report from its Fishery Dependent Data Working Group.

Following a lunch break, the Council will continue with and conclude its work on the groundfish items. Then, the Council will receive a short update on the Research Set-Aside (RSA) Program Review Panel Report, which is being prepared by representatives from the Council, GARFO, and NEFSC. Next, the Scallop Committee will provide a list of recommended 2019–2020 scallop RSA priorities. The Council will discuss and approve a final list of research priorities for the program. The Scallop Committee also will provide an initial overview of the 2019–2020 scallop specifications process. In its final item of business before adjourning for the day, the Council will finalize the list of proposals being prepared for NMFS to address regulatory reform as mandated by Executive Orders 13777, 13771, and 13565.

Thursday, June 14, 2018

The third day of the meeting will begin with Ecosystem-Based Fishery Management (EBFM). The Council will receive a summary report on the Center for Independent Experts EBFM Strategy Review from the peer review panel chair. The Council also will receive an update on future EBFM Committee activities. The Habitat Committee will be up next with two items. First will be the Clam Dredge Framework, which is being developed to consider continued surfclam dredge fishery access to the new Great South Channel Habitat

Management Area and possible consideration of a mussel dredge exemption. The Council is expected to select the framework's range of alternatives for further analysis at this meeting. The Council also will receive an update on ongoing offshore energy activities in the Northeast and discuss any needed consultations with federal agencies. After that, the Council will receive an update on efforts by the Northeast Regional Coordinating Council to improve timing and scheduling of stock assessments and stock assessment research. The Council will close out the meeting with “other business.”

Although non-emergency issues not contained on this agenda may come before the Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies (see **ADDRESSES**) at least 5 days prior to the meeting date.

Dated: May 17, 2018.
