DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare and Medicaid Services

[Document Identifier: CMS-855]

Emergency Clearance: Public Information Collection Requirements Submitted to the Office of Management and Budget (OMB)

AGENCY: Centers for Medicare and Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare and Medicaid Services (CMS) (formerly known as the Health Care Financing Administration (HCFA)), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. We are requesting an emergency review because the collection of this information is needed before the expiration of the normal time limits under OMB's regulations at 5 CFR part 1320. This is necessary to ensure compliance with 5 U.S.C. 1395g and 42 CFR 413.20 and 413.24. We cannot reasonably comply with the normal clearance procedures because the

approval for this collection lapsed; having approval for the forms is vital to the Medicare program. If we are unable to require specific information from providers and suppliers that want to enroll in Medicare in order to participate in the program, we will have little control over what information they give us without going through a potentially long and drawn out process by going back repeatedly to gather necessary information from the potential providers and suppliers. The alternative would be to accept any supplier or provider for participation in the program, which might result in having otherwise unacceptable providers and suppliers furnishing services to our beneficiaries.

CMS is requesting OMB review and approval of this collection by April 26, 2002, with a 180-day approval period. Written comments and recommendations will be accepted from the public if received by the individuals designated below by April 22, 2002. We published a separate **Federal Register** notice announcing the initiation of an extensive 60-day agency review and public comment period on these requirements on February 8, 2002. We will submit the requirements for OMB review and an extension of this emergency approval during the 180-day approval period.

SUPPLEMENTARY INFORMATION:

Priority Areas

2001A. Adoption Opportunities

2002A.1 Developing Models for Increasing Adoptive Placement of Minority Children

Eligible Applicants: States, local government entities, federally recognized Indian Tribes and tribal organizations, college and universities, public or private non-profit licensed child welfare or adoption agencies, licensed child care or respite care providers, and incorporated adoptive parent groups with experience working with adoptive populations may apply. Faith-based organizations are eligible to apply for these grants. Groups of faith-based and smaller community-based organizations should consider collaborating with existing coalitions or to form new coalitions to work together in conducting projects; however, each coalition must identify a primary applicant responsible for administering the grant. Faith-based, community-based and primary applicants in consortia must be otherwise eligible to apply for these grants. Colleges, universities and for-profit agencies may be included in an application, as a subcontractor or affiliate, but must waive their profit in order to receive Federal funds even under subgrant or subcontract arrangements, with eligible non-profit agencies and organizations.

Project Duration: This announcement is inviting applications for project periods up to three years. Awards, on a competitive basis, will be for a one-year budget period, although project periods may be for three years. Applications for continuation grants funded under these awards beyond the one-year budget period but within the three year project period will be entertained in subsequent years on a noncompetitive basis, subject to availability of funds, satisfactory progress of the grantee and a determination that continued funding

would be in the best interest of the Government.

Federal Share of Project Cost: Grant amounts will vary and may range from \$50,000 to \$300,000 per budget period for each of three years. The dollar amount requested must be fully justified and documented.

Matching Requirements: Grantees must provide at least 10 percent of the total approved cost of the project. The total approved cost of the project is the sum of the ACF share and the non-Federal share. The non-Federal share may be met by cash or in-kind contributions, although applicants are encouraged to meet their match requirements through cash contributions. Therefore, a project requesting \$900,000 of Federal funds (based on an award of \$300,000 per budget period) must provide a match of at least \$99,999 (10 percent of the total project cost). Grantees will be held accountable for commitments of non-Federal resources even if over the amount of the required match. Failure to provide the amount will result in disallowance of Federal match.

Anticipated Number of Projects to be Funded: It is anticipated that four projects will be funded.

2002A.2 Developing Models for Post-Legal Adoption Services

Eligible Applicants: States, local government entities, federally recognized Indian Tribes and tribal organizations, college and universities, public or private non-profit licensed child welfare or adoption agencies, licensed child care or respite care providers, and incorporated adoptive parent groups with experience working with adoptive populations may apply. Colleges, universities and for-profit agencies may be included in an application as subcontractors or affiliates, but must waive their profit in order to receive Federal funds even under subgrant or subcontract arrangements, with eligible non-profit agencies and organizations.

Project Duration: This announcement is inviting applications for project periods up to three years. Awards, on a competitive basis, will be for a one-year

budget period, although project periods may be for three years. Applications for continuation grants funded under these awards beyond the one-year budget period but within the three year project period will be entertained in subsequent years on a noncompetitive basis, subject to availability of funds, satisfactory progress of the grantee and a determination that continued funding would be in the best interest of the Government.

Federal Share of Project Cost: Grant amounts will vary and may range from \$50,000 to \$300,000 per budget period for each of the three years. The dollar amount requested must be justified as appropriate to the activities proposed.

Matching Requirements: Grantees must provide at least 10 percent of the total approved cost of the project. The total approved cost of the project is the sum of the ACF share and the non-Federal share. The non-Federal share may be met by cash or in-kind contributions, although applicants are encouraged to meet their match requirements through cash contributions. Therefore, a project requesting \$900,000 of Federal funds (based on an award of \$300,000 per budget period) must provide a match of at least \$99,999 (10 percent of the total project cost). Grantees will be held accountable for commitments of non-Federal resources even if over the amount of the required match. Failure to provide the amount will result in disallowance of Federal match.
