[Docket No. RM01-5-000]

Notice of Changes To Enable Filers Making eTariff Filings To Designate Applicants and To Add Service List Entries; Electronic Tariff Filings

Take notice that on February 3, 2025,
 changes to the Commission's systems
 have been implemented to enable filers
 making eTariff filings to designate the
 lead and additional or co-applicants on
 a filing and to include additional names
 in the service list through FERC Online.

I. Filings in Which the Lead Applicant and Company IDs Are the Same

For most filings in which the lead
 applicant_id and the company_id are
 the same, the only applicant will be the
 company name associated with the
 Company Registration ID used for both
 the lead_applicant_id and the company_
 id. All registered email addresses added
 in FERC Online will be added to the
 service list. The last active account
 manager email address in company
 registration also will be added to the
 service list.

II. Filings in Which the Lead Applicant ID Differs From Company ID

When the filing company (company_
 id) is filing on behalf of another entity
 as lead applicant, the filing company
 can choose whether it wants to be
 considered an Additional or Co-
 Applicant. Section A describes the
 process to be used in FERC Online by
 which the filing company *will not be*
 considered an Applicant or Co-
 Applicant and *will not be* added to the
 service list. Section B describes the
 process to be used in FERC Online by
 which the filing company *will be*
 considered an Applicant or Co-
 Applicant and *will be* added to the
 service list.

A. Filing Company Does Not Want To Be Considered an Additional Applicant

1. Filers that do not want the filing
 company (company_id) to be considered

an applicant will still be required to
 include *the one registered email address*
required by FERC Online as the
 “Signer” associated with the company_
 id. But they *should not add* any
 additional email address for the filing
 company. If filed in this manner, the
 filing company will not be considered
 an Additional or Co-Applicant and the
 single (signer) email address will not be
 added to the service list.

2. The last active account manager
 email address in company registration
 associated with the lead_applicant_id
 will be added to the service list
 automatically.

3. To add additional registered email
 addresses for the lead applicant, the
 filer can select the lead applicant as an
 “Additional Applicant” in FERC Online
 and add the desired email addresses for
 that entity.

B. Filing Company Wants To Be Considered an Additional Applicant

1. Filers that want the filing company
 associated with the company_id to be an
 Additional or Co-Applicant on the filing
 must include more than one registered
 email address (in addition to the
 “Signer” in FERC Online).¹ If more than
 one email address is added, the filing
 company will be treated as an
 Additional Applicant or Co-Applicant
 and all email addresses for the filing
 company will be added to the service
 list.

2. The last active account manager
 email address in company registration
 associated with the lead_applicant_id
 will be added to the service list
 automatically.

3. To add additional registered email
 addresses for the lead applicant, the
 filer can select the lead applicant as an
 “Additional Applicant” in FERC Online
 and add the desired email addresses for
 that entity.

As the Commission systems are
 upgraded, the goal is to make this
 process more straightforward in the
 future. But, given our current systems,
 this approach will enable filers to
 correctly identify the applicants on a
 filing and include additional registered
 email addresses to the service list as
 part of the filing.

Questions on these changes should be
 directed to: Michael Goldenberg at
Michael.Goldenberg@ferc.gov, James
 Sarikas at James.Sarikas@ferc.gov, and
etariffresponse@ferc.gov.

¹ Filing companies (company-id) that want to be
 considered an Additional or Co-Applicant and only
 want a single contact for the service list can enter
 the same email address as both the signer and other
 contact.

Dated: February 3, 2025.

Secretary.

[Project No. 7987–016]

UP Property 2, LLC; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff reviewed UP Property 2, LLC's application to surrender the exemption of the High Falls Project No. 7987 and have prepared an Environmental Assessment (EA) for the proposed surrender. The exemptee proposes to surrender the exemption by removing the dam down to the riverbed. The project is located on the Deep River in Moore County, North Carolina.

The EA contains Commission staff's analysis of the potential environmental effects of the proposed surrender of the exemption, and concludes that the proposed surrender, would not constitute a major federal action that would significantly affect the quality of the human environment.
