

Frequency of Response: Initial point of sale disclosure and third party disclosure requirement which occurs on an annual basis.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in sections 1, 4(i), and 251(e)(3) of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154(i), 251(e)(3); section 101 of the NET 911 Improvement Act of 2008, Public Law 110-283, 47 U.S.C. 615a-1; and section 106 of the Twenty-First Century Communications and Video Accessibility Act of 2010, Public Law 111-260, 47 U.S.C. 615c.

Total Annual Burden: 1,888 hours.

Total Annual Cost: No Cost.

Privacy Impact Assessment: No impact.

Nature and Extent of Confidentiality: The Commission is not requesting respondents to submit confidential information to the Commission.

Needs and Uses: We create new section 12.5 of our rules to place limited backup power obligations on providers of facilities-based fixed, residential voice services that are not line-powered to ensure that such service providers meet their obligation to provide access to 911 service during a power outage, and to provide clarity for the role of consumers and their communities should they elect not to purchase backup power.

Specifically, we require providers to disclose to subscribers the following information: (1) Availability of backup power sources; (2) service limitations with and without backup power during a power outage; (3) purchase and replacement options; (4) expected backup power duration; (5) proper usage and storage conditions for the backup power source; (6) subscriber backup power self-testing and monitoring instructions; and (7) backup power warranty details, if any. Each element of this information must be given to subscribers both at the point of sale and annually thereafter, as described in the rule.

The disclosure requirements are intended to equip subscribers with necessary information to purchase and maintain a source of backup power to enhance their ability to maintain access to reliable 911 service from their homes.

We permit providers to convey both the initial and annual disclosures and information described above by any means reasonably calculated to reach the individual subscriber. For example, a provider may meet this obligation through a combination of disclosures via email, an online billing statement, or other digital or electronic means for

subscribers that communicate with the provider through these means. For a subscriber that does not communicate with the provider through email and/or online billing statements—such as someone who ordered service on the phone or in a physical store and receives a paper bill by regular mail—email would not be a means reasonably calculated to reach that subscriber.

SUPPLEMENTARY INFORMATION: PathWays PA will serve homeless parenting and non-parenting young women age 16–21. Over the next 12 months, they will serve 10 residential homeless young women in the city of Philadelphia, PA.

The goal of PathWays PA's TLP program is to support homeless youth with positive adult supervision while supporting them in building the assets, strengths, and resources necessary for successful independence. Youth will be housed in five one-bedroom apartments. While in the program, the youth will build life skills and carry out developmental tasks to gain the capacity for independent living and address their assessed/identified needs. They will build assets and strengthen protective factors that reduce the impact of prior trauma (e.g., domestic violence) and reduce the harm of high-risk behaviors through gaining skills in money management, budgeting, consumer education, and use of credit; building life skills and interpersonal skills (and parenting, as appropriate); acquiring their high school diploma or equivalent

(e.g., GED); strengthening job attainment skills, and improving their mental and physical health.

PathWays PA TLP staff will work with each youth in the context of their experience (e.g., domestic violence) to minimize the impact of trauma and to develop coping skills through a Personalized Empowerment Plan (PEP). The PEP will identify their pathway for transitioning from supervised participation in the program to independent living or another appropriate living arrangement. As part of this plan, staff will facilitate connections with agencies, organizations, and resources in Philadelphia that will assist in the youth's transition to independence and create a strong plan for aftercare support.

Statutory Authority: Runaway and Homeless Youth Act, 42 U.S.C. 5701–5752, as most recently amended by the Reconnecting Homeless Youth Act, of 2008, Pub. L. 110–378 on October 8, 2008. Under Sec. 321 Authority for Program, the Secretary is authorized to make grants and to provide technical assistance to public and nonprofit private entities to establish and operate transitional living youth projects for homeless youth (42 U.S.C. 5714–1).
