

quotation activity also tends to exacerbate the operational costs which the Exchange was seeking to avoid in creating the order cancellation fee.

In order to better target the wide quotations which originally were causing the problems which led to the creation of the order cancellation fee, we are proposing to exempt ETP activity from the cancellation fee. The Exchange has observed that those firms entering the limited durational orders described above conduct much of their business on our trading facilities in ETP securities. By exempting ETP securities from the order cancellation fee, we would remove much of their incentive to submit quotable orders with a very limited lifespan. The fee would continue to apply to activity in all other securities where it appears to have the intended impact. The Exchange considered other alternatives, such as imposing a minimum duration on orders to qualify as "quotable" for purposes of the fee computation. The Exchange believes, however, that such a requirement would introduce an excessive amount of complexity to the determination of whether the order cancellation fee applies and could have the effect of discouraging Participants from sending any orders to the Exchange for display and execution. The proposed changes to the Cancellation Fee would go into effect on August 1, 2010.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act⁷ in general, and furthers the objectives of Section 6(b)(4) of the Act⁸ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among its members. Among other things, the Exchange believes that the exclusion of ETP securities from the existing order cancellation fee should help the Exchange to better address the operational costs and burdens associated with the processing and storage of orders well outside the NBBO.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments Regarding the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(B)(3)(A)(ii) of the Act⁹ and subparagraph (f)(2) of Rule 19b-4 thereunder¹⁰ because it establishes or changes a due, fee, or other charge applicable only to a member imposed by the self-regulatory organization. Accordingly, the proposal is effective upon Commission receipt of the filing. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

1. Purpose

NYSE Amex proposes to identify the next 75 options classes to be added to the Penny Pilot effective August 2, 2010. The Exchange recently filed to extend

and expand the Pilot through December 31, 2010.⁴ In that filing, the Exchange had proposed expanding the Pilot on a quarterly basis to add the next 75 most actively traded multiply listed options classes based on national average daily volume for the six months prior to selection, closing under \$200 per share on the Expiration Friday prior to expansion, except that the month immediately preceding their addition to the Penny Pilot will not be used for the purpose of the six month analysis.⁵

NYSE Amex proposes adding the following 75 options classes to the Penny Pilot on August 2, 2010, based on national average daily volume from January 1, 2010 through June 30, 2010:

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with and furthers the objectives of Section 6(b)(5) of the Act, in that it is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest, by identifying the options classes to be added to the Pilot in a manner consistent with prior approvals and filings.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change is effective upon filing pursuant to Section 19(b)(3)(A)(i) ⁶ of the Act and Rule 19b-4(f)(1) ⁷ thereunder, in that it constitutes a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule of the Exchange. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
