SUPPLEMENTARY INFORMATION:

Title: 49 CFR Part 611 Major Capital Investment Projects.

Abstract: On August 10, 2005, the Safe, Accountable, Flexible, Efficient, Transportation Equity Act: A Legacy for Users (SAFETEA-LU) was enacted. Sections 3011(d)(5) and 3011(e)(6) of SAFETEA-LU require FTA to issue regulations on the manner in which candidate projects for major capital investment grants for new fixed guideway systems, extensions to existing fixed guideway systems, or significant corridor based bus investments ("New Starts," "Small Starts," respectively) will be evaluated and rated for purposes of the FTA Capital Investment Grants program for New and Small Starts under 49 USC Section 5309. An Advanced Notice of Proposed Rulemaking (ANPRM) for this regulation was issued on January 30, 2006 (71 FR 22841). A Notice of Proposed Rulemaking (NPRM) was issued on August 3, 2007 (72 FR 43328). The NPRM was withdrawn on February 17, 2009, due to an intervening statutory change resulting from the passage of the SAFETEA-LU Technical Corrections Act in June 2008.

FTA has a longstanding requirement to evaluate proposed projects against a prescribed set of statutory criteria. The Surface Transportation and Uniform Relocation Assistance Act of 1987 (STURAA) established in law a set of criteria that proposed projects had to meet in order to be eligible for federal funding. The requirement for summary project ratings has been in place since 1998. Thus, the requirements for project evaluation and data collection for New Starts projects are not new, nor have
