Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles From the People's Republic of China: Continuation of Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) orders on heavy forged hand tools, finished or unfinished, with or without handles (HFHTs) from the People's Republic of China (China) would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing this notice of continuation of the orders.

DATES: Applicable June 8, 2022.

FOR FURTHER INFORMATION CONTACT: Nathan James, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5305.

SUPPLEMENTARY INFORMATION:

Background

On February 19, 1991, Commerce published the AD orders on HFHTs from China.¹ On December 1, 2021, Commerce published the notice of initiation of the five-year sunset review of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² As a result of its review, Commerce determined that revocation of the *Orders* would likely lead to the continuation or recurrence of dumping.³ Commerce, therefore, notified the ITC of the magnitude of the dumping margins likely to prevail should the *Orders* be revoked.⁴

On May 26, 2022, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the

Orders would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Orders

The merchandise covered by the *Orders* are HFHTs from China, comprising the following classes or kinds of merchandise: (1) Hammers and sledges with heads over 1.5 kg (3.33 pounds); (2) bars over 18 inches in length, track tools and wedges; (3) picks and mattocks; and (4) axes, adzes and similar hewing tools. HFHTs include heads for drilling hammers, sledges, axes, mauls, picks, and mattocks, which may or may not be painted, which may or may not be finished, or which may or may not be imported with handles; assorted bar products and track tools including wrecking bars, digging bars, and tampers; and steel woodsplitting wedges. HFHTs are manufactured through a hot forge operation in which steel is sheared to required length, heated to forging temperature, and formed to final shape on forging equipment using dies specific to the desired product shape and size. Depending on the product, finishing operations may include shot blasting, grinding, polishing, and painting, and the insertion of handles for handled products. HFHTs are currently provided for under the following Harmonized Tariff System of the United States (HTSUS) subheadings: 8205.20.60, 8205.59.30, 8201.30.00, 8201.40.60, and 8205.59.5510. Specifically excluded from the scope are hammers and sledges with heads 1.5 kg (3.33 pounds) in weight and under, hoes and rakes, and bars 18 inches in length and under.

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the *Orders* is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Orders*. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the *Orders* will be the date of publication in the **Federal Register** of this notice of
