

## II. General Background on the Application

NSF submitted an application, dated July 21, 2020 (OSHA–2006–0048–0016), to expand recognition as a NRTL to include one additional test site located at: 251 Airport Industrial Drive, Ypsilanti, Michigan 48198 (NSF Ypsilanti). OSHA staff performed an on-site review of NSF's testing facilities at NSF Ypsilanti on May 3–4, 2023, in which assessors found some nonconformances with the requirements of 29 CFR 1910.7. NSF has addressed these issues sufficiently, and OSHA staff has preliminarily determined that OSHA should grant the application.

## III. Preliminary Finding on the Application

NSF submitted an acceptable application for expansion of its scope of recognition. OSHA's review of the application file and pertinent documentation preliminarily indicates that NSF can meet the requirements prescribed by 29 CFR 1910.7 for expanding its recognition to include one additional test site for NRTL testing and certification. This preliminary finding does not constitute an interim or temporary approval of NSF's application.

OSHA seeks public comment on this preliminary determination.

## IV. Public Participation

OSHA welcomes public comment as to whether NSF meets the requirements of 29 CFR 1910.7 for expansion of recognition as a NRTL. Comments should consist of pertinent written documents and exhibits.

Commenters needing more time to comment must submit a request in writing, stating the reasons for the request by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer time period. OSHA may deny a request for an extension if it is not adequately justified.

To review copies of the exhibit identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor. These materials also are generally available online at <https://www.regulations.gov> under Docket No. OSHA–2006–0048 (for further information, see the “Docket” heading in the section of this notice titled **ADDRESSES**).

OSHA staff will review all comments to the docket submitted in a timely manner. After addressing the issues raised by these comments, staff will

make a recommendation to the Assistant Secretary of Labor for Occupational Safety and Health on whether to grant NSF's application for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of the final decision in the **Federal Register**.
