

agent for the registrant, Easy Gardener Inc., to cancel four pesticide products containing the active ingredient O,O-diethyl S-[2-(ethylthio)ethyl]phosphorodithioate (disulfoton) registered under section 3 of FIFRA effective as of December 31, 2003. EPA completed an Interim Reregistration Eligibility Decision (IRED) for disulfoton on March 30, 2002, and issued the IRED document on July 17, 2002. As part of the reregistration process, Easy Gardener Inc. has elected to voluntarily cancel certain disulfoton products rather than develop the data necessary to support reregistration. The registrations with pending requests for voluntary cancellation are listed in the following table.

TABLE 1.—DISULFOTON REGISTRATIONS WITH PENDING REQUESTS FOR CANCELLATION

EPA Registration No.	Product Name
46260-2	Jobe's Spikes Systemic Insecticide with Fertilizer for Roses
46260-12	Jobe's Spikes Systemic Insecticide with Fertilizer for Beautiful Trees
46260-35	Jobe's Spikes Systemic Insecticide with Fertilizer for Houseplants
46260-36	Ross Systemic Root Feeder Cartridge

FIFRA section 6(f)(1)(B) requires that EPA provide a 30-day comment period in which the public may comment before the Agency may act on the request for voluntary cancellation. EPA intends to grant the request for voluntary cancellation, unless during the comment period EPA receives substantive comments that would merit the Agency's further review of this request. For purposes of the cancellation order that the Agency intends to issue at the close of the comment period for this notice, EPA intends to include certain provisions governing the sale, distribution and use of existing stocks. The term "existing stocks" as defined in EPA's existing stocks policy in the **Federal Register** of June 26, 1991 (56 FR 29362) (FRL-3846-4), means those stocks of a registered pesticide product which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation. EPA intends to permit sale and distribution of the existing stocks by the registrant until December 31, 2004, and by

persons other than the registrant until the existing stocks are exhausted. EPA also intends to permit use of existing stocks until they are exhausted, provided that such further use is in accordance with the EPA-approved label and labeling of the affected product.

B. What is the Agency's Authority for Taking this Action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request voluntary cancellation of any of its pesticide registrations. The Act further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, the EPA Administrator may approve such a request.

Ecological Risk Assessment for the Middle Snake River, Idaho

AGENCY: Environmental Protection Agency.

ACTION: Notice of availability of final document.

SUMMARY: The U.S. Environmental Protection Agency (EPA) announces the availability of a final document, Ecological Risk Assessment for the Middle Snake River, Idaho (EPA/600/R-01/017, February 2002), prepared as a collaborative effort between the National Center for Environmental Assessment-Washington (NCEA-W), within EPA's Office of Research and Development; the Office of Environmental Assessment, Region 10 of the EPA; the University of Idaho; and the University of Illinois. Mathematical models and field observations were used to estimate ecological risks to rainbow trout, mountain whitefish, and white sturgeon from stressors such as reduced water flows and sedimentation. The report serves as an example of using ecological risk assessment to improve

the use of sound science in watershed-scale decision making.

ADDRESSES: The document is available electronically from the NCEA Web site (<http://www.epa.gov/ncea>) under Selected Topics, Watershed Assessment. A limited number of copies will be available from EPA's National Service Center for Environmental Publications (NSCEP) in Cincinnati, Ohio (telephone: 1-800-490-9198, or 513-489-8190; facsimile 513-489-8695).
