Authority and Signature

David Michaels, Ph.D., MPH, Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice under the authority granted by the Federal Advisory Committee Act (FACA), as amended (5 U.S.C. App. 2), its implementing regulations (41 CFR Part 102-3), chapter 1600 of Department of Labor Management Series 3 (Mar. 17, 2008), Secretary of Labor's Order 1-2012 (Jan. 18, 2012), 77 FR 3912 (Jan. 25, 2012), and the Secretary of Labor's authority to administer the whistleblower provisions found in Section 11(c) of the Occupational Safety and Health Act, 29 U.S.C. 660(c); the Surface Transportation Assistance Act, 49 U.S.C. 31105; the Asbestos Hazard Emergency Response Act, 15 U.S.C. 2651; the International Safe Container Act, 46 U.S.C. 80507; the Safe Drinking Water Act, 42 U.S.C. 300j-9(i); the Federal Water Pollution Control Act, 33 U.S.C. 1367; the Toxic Substances Control Act, 15 U.S.C. 2622; the Solid Waste Disposal Act, 42 U.S.C. 6971; the Clean Air Act, 42 U.S.C. 7622; the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. 9610; the Energy Reorganization Act, 42 U.S.C. 5851; the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century, 49 U.S.C. 42121; the Sarbanes-Oxley Act, 18 U.S.C. 1514A; the Pipeline Safety Improvement Act, 49 U.S.C. 60129; the Federal Railroad Safety Act, 49 U.S.C. 20109; the National Transit Systems Security Act, 6 U.S.C. 1142; the Consumer Product Safety Improvement Act, 15 U.S.C. 2087; Section 1558 of the Affordable Care Act, P.L. 111-148; the Consumer Financial Protection Act of 2010, 12 U.S.C.A. 5567, the Seaman's Protection Act, 46 U.S.C. 2114, Section 402 of the FDA Food Safety Modernization Act, P.L. 111-353, and the Moving Ahead for Progress in the 21st Century Act, 49 U.S.C. 30171.

Signed at Washington, DC, on March 7, 2014.

David Michaels,

Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510-26-P

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

National Endowment for the Arts

Proposed Collection: Comment Request

ACTION: Notice.

SUMMARY: The National Endowment for the Arts, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(A)]. This program helps ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the National Endowment for the Arts, on behalf of the Federal Council on the Arts and the Humanities, is soliciting comments concerning renewal of the Application for Domestic Indemnification. A copy of this collection request can be obtained by contacting the office listed below in the address section of this notice.

DATES: Written comments must be submitted to the office listed in the address section below on or before May 5, 2014. The National Endowment for the Arts is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to

respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting the electronic submissions of responses.

ADDRESSES: Patricia Loiko, National Endowment for the Arts, 1100 Pennsylvania Avenue NW., Room 729, Washington, DC 20506-0001, telephone (202) 682-5541 (this is not a toll-free number), fax (202) 682-5721.

Dated: March 10, 2014.

Kathy Plowitz-Worden,

Panel Coordinator, Office of Guidelines & Panel Operations.

BILLING CODE 7537-01-P

NATIONAL TRANSPORTATION SAFETY BOARD

Plan for Generic Information Collection Activity: Submission for OMB Review; Comment Request

AGENCY: National Transportation Safety Board (NTSB).

ACTION: Notice.

SUMMARY: The NTSB is announcing it is submitting a plan for an Information Collection Request (ICR) to the Office of Management and Budget (OMB) for approval, in accordance with the Paperwork Reduction Act. This ICR Plan describes various evaluation forms the NTSB plans to use to obtain feedback from attendees of various NTSB training programs. Feedback from attendees is important to the NTSB in ensuring the NTSB's training courses and programs are helpful to attendees in their places of employment and useful to attendees who participate in NTSB investigations and other related agency matters. This Notice informs the public that it may submit to the NTSB comments concerning the agency's proposed plan for information collection.

DATES: Submit written comments regarding this proposed plan for the collection of information by May 12, 2014.

ADDRESSES: Respondents may submit written comments on the collection of information to the National Transportation Safety Board Training Center, 45065 Riverside Parkway, Ashburn, Virginia 20147.

FOR FURTHER INFORMATION CONTACT: James Pritchert, NTSB Training Officer, at (571) 223-3927.

SUPPLEMENTARY INFORMATION: In accordance with OMB regulations that require this Notice for proposed ICRs, as well as OMB guidance concerning generic approval of plans for information collections, the NTSB herein notifies the public that it may submit comments on this proposed ICR Plan to the NTSB. 5 CFR 1320.10(a). Section 1320.10(a) requires this “notice directing requests for information, including copies of the proposed collection of information and supporting documentation, to the [NTSB].” Pursuant to § 1320.10(a), the NTSB will provide a copy of this notice to OMB.

A. NTSB Training Center Evaluation Forms Are Appropriate for Generic Approval

On May 28, 2010, the Administrator, Office of Information and Regulatory Affairs (OIRA), OMB, issued a memorandum to the Heads of Executive Departments and Agencies, and Independent Regulatory Agencies, providing instructions concerning how agencies can obtain generic OMB clearances for information collections in certain circumstances. *Paperwork Reduction Act—Generic Clearances*, available at http://www.whitehouse.gov/sites/default/files/omb/assets/foreg/PRA_Gen_ICRs_5-28-2010.pdf. The memorandum states as follows concerning the appropriateness of obtaining such clearances:

A generic ICR is a request for OMB approval of a plan for conducting more than one information collection using very similar methods when (1) the need for and the overall practical utility of the data collection can be evaluated in advance, as part of the review of the proposed plan, but (2) the agency cannot determine the details of the specific individual collections until a later time.

The NTSB’s desire to obtain information immediately following a training course will assist the NTSB Training Center in developing courses to achieve the NTSB’s objective of improving investigators’ and transportation industry peers’ accident investigation theory, practices, and techniques. The mission of the NTSB Training Center, in accordance with 49 U.S.C. 1113(b)(1)(I), is to promote safe transport by:

- Ensuring and improving the quality of accident investigation through critical thought, instruction, and research;
- Communicating lessons learned, fostering the exchange of new ideas and new experience, and advocating operational excellence;

- Providing a modern platform for accident reconstruction and evaluation; and

- Utilizing its high-quality training resources to facilitate family assistance and first responder programs, sister agency instruction, and other compatible federal activity.

In administering training courses designed to achieve these objectives, the NTSB seeks to maintain a standard of excellence. The NTSB’s goal of providing materials, instructors, methods of instruction, and facility arrangements that are a worthy expenditure of Federal funds will require the NTSB to obtain feedback on the training courses from attendees.

This type of information collection is appropriate for generic approval under the OIRA Administrator’s guidance. The NTSB periodically changes the identification numbers and subject matter addressed in NTSB training courses. Such variance renders generic approval appropriate. By distributing evaluation forms, the NTSB will gather feedback concerning whether attendees found the instructor knowledgeable and helpful; whether the course materials were appropriate; the location and course facilities; the “case studies” discussed in the course; and other similar topics. Each course evaluation form will include some course-specific questions. Responses to such evaluations will assist the NTSB in ensuring its courses work to fulfill the goals listed above.

In 2014, the NTSB will offer the following training courses, about which the NTSB seeks approval for evaluation forms: Accident Investigation Orientation (RPH301); Aircraft Accident Investigation (AS101); Aircraft Accident Investigation for Aviation Professionals (AS 301); Cognitive Interviewing Series (IM401S); Family Assistance (TDA301); Investigating Human Fatigue Factors (IM303); Managing Communications During an Aircraft Accident or Incident (PA302); Managing Communications Following a Major Transportation Accident (PA303); Managing Transportation Mass Fatalities (TDA406); Marine Accident Investigation (MS101); Mass Fatalities for Medicolegal Professionals (TDA403); and Rotorcraft Accident Investigation (AS102). The NTSB may offer additional courses in upcoming years, such as Survival Factors in Aviation Accidents (AS302). In response to previous feedback, requests for training in specific areas, and other considerations, the NTSB will likely add or remove classes from this list in the coming years.

Consistent with the OIRA Administrator’s guidance concerning generic approvals, the NTSB will not be able to finalize draft evaluations specific to each course until the NTSB offers the course. These types of questions are unique to the specific course, and impossible to know prior to the offering of the course. Overall, the types of information the NTSB will solicit in its Training Center course evaluations is appropriate for a generic approval for the information collection.

B. Supporting Statement

The OIRA Administrator’s memorandum instructs agencies to provide specific information in the supporting statements describing the information collections. In particular, the supporting statements should include the following:

- The method of collection and, if statistical methods will be used, a discussion of the statistical methodology;
- the category (or categories) of respondents;
- the estimated “burden cap,” i.e., the maximum number of burden hours (per year) for the specific information collections, and against which burden will be charged for each collection actually used;
- the agency’s plans for how it will use the information collected;
- the agency’s plans to obtain public input regarding the specific information collections (i.e., consultation); and
- the agency’s internal procedures to ensure that the specific collections comply with the PRA, applicable regulations, and the terms of the generic clearance.

Id. at 2.

1. Method of Collection

The NTSB will collect the information by transmitting the evaluation form to attendees of each Training Center course. Depending on the circumstances, such transmission may occur via hand delivery, electronic mail, postal mail, or express mail, or a combination of these methods. Respondents will be provided instructions concerning how to return questionnaires to the Training Center.

The NTSB will not use statistical methodology in reaching any conclusions based on the evaluations. Instead, the NTSB merely will note the total number of respondents in any documents in which it discusses the evaluations.

Respondents’ completion of the evaluations is voluntary, and the NTSB generally will not contact them more than once to request completion of the evaluation.

2. Category of Respondents

In its evaluation forms, the NTSB will generally seek information only from attendees of each course. The NTSB will have the contact information for each attendee, because such information is required when registering for Training Center courses.

3. Maximum Burden Hours

The NTSB plans to distribute the evaluations to attendees of each Training Center course. The NTSB offers 12 courses per year including multiple iterations. Among all courses, the NTSB estimates a total of 600 non-Government attendees complete courses in any given year. As a result, the NTSB estimates it will distribute approximately 600 Training Center evaluation forms each year. Each evaluation form will take approximately 11 minutes to complete.

The NTSB seeks to emphasize these estimations are approximate, as they are depend on the number of courses the NTSB offers in the Training Center. Some courses may be cancelled due to low registration. In addition, only Government employees may choose to attend other courses. As a result, the NTSB can only provide an approximate estimate of the number of attendees per year.

4. Use of the Information Collected

Feedback from attendees of NTSB Training Center courses is extremely important to the NTSB. The NTSB plans its course offerings based on the level of interest from potential attendees and on the degree to which attendees have found useful the information they learned during such courses. As a result, evaluations of NTSB Training Center courses will influence future course offerings. The NTSB will rely upon the provision of completed course evaluations to assist with the planning of course offerings.

5. Public Input Regarding the Information Collected

The NTSB does not generally obtain public input concerning the scope of, or specific questions on, NTSB Training Center evaluation forms.

6. Internal Procedures

Lastly, the OIRA Administrator's memorandum describing generic clearances recommends agencies describe the procedures it will undertake to ensure information collections to which the generic clearance applies will comply with the Paperwork Reduction Act, applicable regulations, and the terms provided in the generic clearance. The NTSB Office of General Counsel plans to provide

internal guidance to agency personnel who offer courses and distribute course evaluations at the NTSB Training Center. Such guidance will include this publication, as well as the OIRA Administrator's memorandum discussing generic clearances, upon OMB approval of the clearance. The internal guidance will include specific instructions concerning use of evaluation forms, and explain the applicable provisions of the Paperwork Reduction Act and its implementing regulations.

C. Description of Burden

The NTSB has carefully reviewed previous questionnaires it has used to obtain information from attendees of courses the NTSB Training Center offers. The NTSB assures the public that these questionnaires have used plain, coherent, and unambiguous terminology in its requests for feedback. In addition, the questionnaires are not duplicative of other agencies' collections of information, because the NTSB maintains unique authority to offer such courses concerning investigations of transportation events. 49 U.S.C. 1113(b)(1)(I).

In general, the NTSB believes the evaluation forms will impose a minimal burden on respondents: As indicated above, the NTSB estimates that each respondent will spend approximately 11 minutes in completing the evaluation. The NTSB estimates that a maximum of 240 respondents per year would complete an evaluation. Although the NTSB may distribute evaluations to perhaps as many as 600 people, historic response rates indicate only 40 percent of the evaluations will be returned completed. However, the NTSB again notes this number will vary, given the changes and demand for course offerings at the NTSB Training Center.

D. Request for Comments

In accordance with 44 U.S.C. 3506(c)(2)(A), the NTSB seeks feedback from the public concerning this proposed plan for information collection. In particular, the NTSB asks the public to evaluate whether the proposed collection of information is necessary; to assess the accuracy of the NTSB's burden estimate; to comment on how to enhance the quality, utility, and clarity of the information to be collected; and to comment on how the NTSB might minimize the burden of the collection of information.

The NTSB will carefully consider all feedback it receives in response to this notice. As described above, obtaining the information the NTSB seeks on these evaluations in a timely manner is

important to course offerings at the NTSB Training Center; therefore, obtaining approval from OIRA for these collections of information on a generic basis is a priority for the NTSB.

Deborah A.P. Hersman,
Chairman.

BILLING CODE 7533-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-443; NRC-2014-0043]

License Exemption Request for NextEra Energy Seabrook, LLC; Seabrook Station, Unit 1

AGENCY: Nuclear Regulatory Commission.

ACTION: Exemption; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing an exemption in response to a June 25, 2013, request from NextEra Energy, Seabrook, LLC, requesting an exemption for the use of a different fuel rod cladding material (Optimized ZIRLO™).

ADDRESSES: Please refer to Docket ID NRC-2014-0043 when contacting the NRC about the availability of information regarding this document. You may access publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking Web site:* Go to <http://www.regulations.gov> and search for Docket ID NRC-2014-0043. Address questions about NRC dockets to Carol Gallagher; telephone: 301-287-3422; email: Carol.Gallagher@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may access publicly available documents online in the NRC Library at <http://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "ADAMS Public Documents" and then select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1-800-397-4209, 301-415-4737, or by email to pdr.resource@nrc.gov. The ADAMS accession number for each document referenced in this document (if that document is available in ADAMS) is provided the first time that a document is referenced.

- *NRC's PDR:* You may examine and purchase copies of public documents at
