

Instead, the draft guidance refers readers to the Orange Book appendix C, "Uniform Terms." Although the Orange Book appendix C is not binding on the agency or industry, it does serve as informal guidance on what the "same" or "identical" dosage form or route of administration would be.

The draft guidance also updates the July 1993 interim guidance for consistency with the agency's good guidance practices (GGP's) regulation (21 CFR 10.115; 65 FR 56468, September 19, 2000). The agency anticipates making additional revisions to this procedural guidance in the future.

This Level 1 draft guidance is being issued consistent with FDA's GGP's. The draft guidance represents the agency's current thinking on this topic. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statutes and regulations. The draft guidance will be updated as appropriate.

Interested persons may submit to the Dockets Management Branch (address above) written comments on the draft guidance at any time. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. The draft guidance and received comments are available for public examination in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

Dated: February 13, 2001.

Ann M. Witt,

Acting Associate Commissioner for Policy.
