

two copies of their comments to the Secretary of the Commission. Environmental cementers will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental cementers will not be required to serve copies of filed documents on all other parties. However, the nonparty commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and seven copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. This filing is accessible on-line at <http://www.ferc.gov> using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free) or TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on May 4, 2011.

Dated: April 13, 2011.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP11-184-000]

Millennium Pipeline Company, L.L.C.; Notice of Request Under Blanket Authorization

Take notice that on April 8, 2011, Millennium Pipeline Company, L.L.C. (Millennium), One Blue Hill Plaza, Seventh Floor, P.O. Box 1565, Pearl River, New York 10965, filed in Docket No. CP11-184-000, an application pursuant to sections 157.205 and 157.208 of the Commission's Regulations under the Natural Gas Act (NGA) as amended, to construct, own, and operate the Corning Flow Reversal Project at Millennium's Corning compressor station in Steuben County, New York, under Millennium's blanket certificate issued in Docket No. CP98-155-000,¹ all as more fully set forth in the application which is on file with the

Commission and open to the public for inspection.

Millennium proposes to modify facilities interconnecting Millennium's system with the system of Empire Pipeline, Inc. (Empire) by replacing two existing valves and adding six new valves and piping at Millennium's Corning compressor station in Steuben County. Millennium also proposes to increase the maximum allowable operating pressure (MAOP) of the Corning compressor station discharge piping from 1200 psig to 1350 psig. Millennium states that the increased MAOP is necessary to permit it to occasionally reverse the flow of natural gas on its system to transport natural gas from either its 30-inch diameter mainline system or its A5-West pipeline via the Corning compressor station onto the facilities of Empire, which operate at an MAOP of 1300 psig. Millennium further states that the activity associated with the Corning Flow Reversal Project will not increase Millennium's mainline capacity. Finally, Millennium estimates that the proposed modifications would cost \$3,400,000 to construct.

Any questions concerning this application may be directed to Gary A. Kruse, Vice President-General Counsel and Secretary, Millennium Pipeline Company, L.L.C., One Blue Hill Plaza, Seventh Floor, P.O. Box 1565, Pearl River, New York 10965, telephone (845) 620-1300, facsimile (845) 620-1320, E-mail: kruse@millenniumpipeline.com or to Thomas E. Holmberg, Baker Botts L.L.P., 1299 Pennsylvania Avenue, NW., Washington, DC 20004, telephone (202) 639-7700, facsimile (202) 585-1016, or via E-mail: thomas.holmberg@bakerbotts.com.

This filing is available for review at the Commission or may be viewed on the Commission's Web site at <http://www.ferc.gov>, using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERC OnlineSupport@ferc.gov or call toll-free at (866) 206-3676, or, for TTY, contact (202) 502-8659. Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages intervenors to file electronically.

Any person or the Commission's staff may, within 60 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR

¹ 100 FERC ¶ 62,172 (1982).
