

Description of Respondents: Business or other for-profit; State, Local and Tribal Government.

Number of Respondents: 9.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 209.

Animal and Plant Health Inspection Service

Title: South American Cactus Moth; Quarantine and Regulations.

OMB Control Number: 0579–0337.

Summary of Collection: Under the Plant Protection Act (7 U.S.C. 7701—*et seq.*), the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry, or movement of plants and plant pests to prevent the introduction of plant pests into the United States or their dissemination within the United States. The Animal and Plant Health Inspection Service (APHIS) regulations, “Subpart-South American Cactus Moth” (7 CFR part 301.55 through 301.55–9), restrict the interstate movement of regulated articles from quarantined areas into or through non-quarantined areas within the United States.

Need and Use of the Information: APHIS will collect information using limited permits, Federal certificates, and compliance agreements. The limited permits are used to authorize movement of regulated articles that are not certifiable to specified destination for processing, treatment, or utilization. Federal certificates are used for domestic movement of treated articles relating to quarantines, and are issued for regulated articles when an inspector or other person authorized to issue certificates finds that the articles have met the conditions of the regulations and may be safely moved interstate without further restrictions. Compliance agreements are provided for the convenience of persons who are involved in the growing, handling, or moving of regulated articles from quarantined areas. Without this information, APHIS could not provide an effective domestic quarantine program to prevent the artificial spread of the South American cactus moth within the United States.

Description of Respondents: Business or other for-profit; and State government officials.

Number of Respondents: 6.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 16.

Animal and Plant Health Inspection Service

Title: John’s Disease in Domestic Animals.

OMB Control Number: 0579–0338.

Summary of Collection: The Animal Health Protection Act of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control, or eradicate pests or diseases of livestock or poultry. The regulations in 9 CFR part 80 pertain specifically to the interstate movement of domestic animals that are positive to an official test for John’s disease. These regulations provide that cattle, sheep, goats, and other domestic animals that are positive to an official test for John’s disease may generally be moved interstate only to a recognized slaughtering establishment or to an approved livestock facility for sale to such an establishment. However, they may also be moved for purposes other than slaughter under certain conditions. Moving John’s-positive livestock interstate for slaughter or for other purposes without increasing the risk of disease spread requires a movement permit or an owner-shipper statement, official ear tags, and a permission to move request. Permission may also be sought, in writing, for movement of animals that do not have a permit, owner-shipper statement, or ear tags.

Need and Use of the Information: Animal and Plant Health Inspection Service (APHIS) will collect information using form VS 1–27, Permit for Movement of Restricted Animals, Official Ear Tags, and Request for Permission to Move. APHIS will collect the following information from form VS–127: (1) The number of animals to be moved; (2) the species of the animals; (3) the points of origin and destination, and (4) the names and addresses of the consignor and the consignee. Failing to collect this information would greatly hinder the control of John’s disease and possible lead to increased prevalence.

Description of Respondents: Business or other for-profit; Accredited Veterinarians.

Number of Respondents: 6.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 9.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

October 26, 2020.

The Department of Agriculture will submit the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13 on or after the date of publication of this notice. Comments are requested regarding: Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency’s estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments regarding these information collections are best assured of having their full effect if received by November 30, 2020. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Agricultural Marketing Service

Title: Child Nutrition Labeling Program.

OMB Control Number: 0581–0261.

Summary of Collection: The Child Nutrition Labeling Program is a voluntary technical assistance program administered by the Agricultural Marketing Service (AMS). The program is designed to aid schools and institutions participating in the National School Lunch Program, the School

Breakfast Program, the Child and Adult Care Food Program, and the Summer Food Service Program by, determining the contribution a commercial product makes towards the meal pattern requirements. Legislative authority for the programs is covered under The National School Lunch Act (NSLA); Public Law 90–302 enacted in 1968 amended the NSLA establishing the Special Food Service Program for Children. In 1975 Congress separated the Child Care Food Program and Summer Food Service components of the SFAPFC and provided each with legislative authorization.

The Child Nutrition Labeling Program is implemented in conjunction with existing label approval programs administered by the Food Safety and Inspection Service (FSIS), and the U.S. Department of Commerce (DoC). To participate in the CN Labeling Program, industry submits labels to AMS of products that are in conformance with the FSIS label approval program (for meat and poultry), and the DoC label approval program (for seafood products).

Need and Use of the Information: AMS uses the information collected to aid school food authorities and other institutions participating in child nutrition programs in determining the contribution a commercial product makes towards the established meal pattern requirements. AMS uses all of the collected information to give the submitted label an approval status that indicates if the label can be used as part of the CN Labeling Program. Without the information CN Labeling Program would have no basis on which to determine how or if a product meets the meal pattern requirements.

Description of Respondents: Business or other for-profit.

Number of Respondents: 262.

Frequency of Responses: Reporting: Other (as needed).

Total Burden Hours: 262.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Forest Service

Title: Significant Cave Nomination.

OMB Control Number: 0596–0244.

Summary of Collection: The Federal Cave Resources Protection Act (FCRPA) [Pub. L. 100–691, 107 Stat. 4546] requires the Secretaries of Agriculture and Interior to identify and protect significant caves on Federal lands within their respective jurisdictions. The information covered in this collection applies to caves on Federal lands administered by the Forest Service. The FCRPA does not define what constitutes a “significant” cave, but it does require the Secretaries, in cooperation and consultation with each other, to issue regulations that define criteria for identification of significant caves found at (16 U.S.C. 4303(a)).

Need and Use of the Information: In accordance with FCRPA, the FS collects information from appropriate private sector interests, including “cavers,” to update a list of significant caves under

USDA's jurisdiction. FS will use form FS–2800–0023 “Significant Cave Nomination Worksheet” to collect name, address, telephone number of individual or organization submitting the nomination and the individual who is knowledgeable about the resources in the cave; name and location of the cave, a discussion of how the cave meets the criteria, studies, maps, research papers and other supporting documentation. If this information is not collected FS might not become aware of potentially significant caves' existence or have insufficient information upon which to base a judgment as to their significance.

Description of Respondents:

Individuals and households.

Number of Respondents: 10.

Frequency of Responses: Reporting: One time.

Total Burden Hours: 110.
