Ex parte reexamination proceedings, including any appeal to the Board, are conducted with special dispatch within the USPTO. See 35 U.S.C. 305. The current average pendency of appeals in *ex parte* reexaminations, for those appeals decided this fiscal year, is 6.0 months. The USPTO is not making the Streamlined, Expedited Patent Appeal Pilot for Small Entities applicable to appeals in *ex parte* reexaminations as these appeals already are handled with special dispatch, and the petition evaluation process only would delay the Board decision in an appeal in an *ex parte* reexamination.

The Streamlined, Expedited Patent Appeal Pilot for Small Entities is being adopted on a temporary basis until two thousand (2,000) appeals have been accorded special status under the pilot, or until September 16, 2016, whichever occurs earlier. The USPTO may extend the Streamlined, Expedited Patent Appeal Pilot for Small Entities (with or without modification) on either a temporary or permanent basis, or may discontinue the pilot after September 16, 2016, depending upon the results. Additional information concerning the Streamlined, Expedited Patent Appeal Pilot for Small Entities, including statistical information and pendency of appeals before the Board, can found on the USPTO Internet Web site at: <https://www.cms.uspto.gov/patents-application-process/patent-trial-and-appeal-board/expedited-patent-appeal-pilot>.
