

the Compact, the GoG has met each of these milestones, as described below.

- *Approval of the Gas Sector Action Plan.* An acceptable short-term Gas Sector Action Plan was submitted to MCC by the Minister of Energy and Petroleum. The GoG, with the support of the World Bank, is currently drafting a comprehensive long-term gas sector master plan, which will be complete by the end of 2014. Approval of the terms of that gas sector master plan by MCC and its adoption by the GoG are conditions to entry into force of the Compact.

- *Finalize the Jubilee gas supply agreement.* The Ghana National Gas Company (“GNGC”) and Jubilee Partners have signed the agreement related to infrastructure needed for gas supply from the Jubilee gas fields. This agreement facilitates the completion of infrastructure by GNGC that complements private sector infrastructure and is a necessary predicate to commercial agreements to be signed in the future.

- *Agree to PSP option for ECG and NEDCo.* The details of the agreement were discussed during Compact negotiations and are memorialized in the compact document.

- *Submit an action plan to substantially reduce GoG arrears to ECG and implement plan to move Government Ministries, Departments and Agencies to regular and current payment of utility bills.* The Minister of Finance provided a letter to MCC on June 30, 2014 detailing the total amount of arrears owed to ECG by the GoG and outlining a projected path to repayment.

- *Continue quarterly tariff adjustments.* Ghana’s utility regulator, the Public Utilities Regulatory Commission, announced a quarterly tariff adjustment on June 27, 2014. The new tariff took effect on July 1, 2014.

These were not easy milestones to meet, and they are instrumental to achieving the deep and lasting change MCC and the GoG want to achieve in the energy sector through the Compact. MCC is confident that the GoG’s strong commitment to reform will continue as the Program moves forward.

BILLING CODE 9211–03–P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice 14–080]

NASA Advisory Council; Human Exploration Operations Committee; Research Subcommittee; Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, Public Law 92–462, as amended, the National Aeronautics and Space Administration (NASA) announces a meeting of the Research Subcommittee of the Human Exploration and Operations Committee (HEOC) of the NASA Advisory Council (NAC). This Subcommittee reports to the HEOC.

DATES: Friday, September 12, 2014, 10:00 a.m. to 4:00 p.m., Local Time.

ADDRESSES: NASA Headquarters, Room 7H41A, 300 E Street SW., Washington, DC 20546.

FOR FURTHER INFORMATION CONTACT: Dr. Bradley Carpenter, Human Exploration and Operations Mission Directorate, NASA Headquarters, Washington, DC 20546 (202) 358–0826, or bcarpenter@nasa.gov.

SUPPLEMENTARY INFORMATION: The meeting will be open to the public up to the capacity of the room. This meeting is also available telephonically and by WebEx. Any interested person may call the USA toll free conference call number 844–467–6272 or toll number 720–259–6462, pass code 136444, to participate in this meeting by telephone. The WebEx link is <https://nasa.webex.com/>, the meeting number is 990 340 786, and the password is Friday0912#

The agenda for the meeting includes the following topics:

- Omics and Open Science Status
- ISS National Laboratory Overview
- International Cooperation in Space Research

Attendees will be requested to sign a register and to comply with NASA security requirements, including the presentation of a valid picture ID to Security before access to NASA Headquarters. Foreign nationals attending this meeting will be required to provide a copy of their passport and visa in addition to providing the following information no less than 10 working days prior to the meeting: Full name; gender; date/place of birth; citizenship; visa information (number, type, expiration date); passport information (number, country,

expiration date); employer/affiliation information (name of institution, address, country, telephone); title/position of attendee; and home address to Dr. Bradley Carpenter via email at bcarpenter@nasa.gov or by fax at (202) 358–2886. U.S. citizens and Permanent Residents (green card holders) are requested to submit their name and affiliation 3 working days prior to the meeting to Dr. Carpenter. It is imperative that the meeting be held on these dates to accommodate the scheduling priorities of the key participants.

Patricia D. Rausch,

*Advisory Committee Management Officer,
National Aeronautics and Space Administration.*

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (14–079)]

NASA International Space Station Advisory Committee; Meeting

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of Meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, Public Law 92–463, as amended, the National Aeronautics and Space Administration announces a meeting of the NASA International Space Station (ISS) Advisory Committee. The purpose of the meeting is to review all aspects related to the safety and operational readiness of the ISS, and to assess the possibilities for using the ISS for future space exploration.

DATES: Tuesday, September 9, 2014, 1:00–2:00 p.m., Local Time.

ADDRESSES: NASA Headquarters, Conference Center CU24, 300 E Street SW., Washington, DC 20546. Note: CU24 is located in the Conference Center on the Concourse-level of NASA Headquarters.

FOR FURTHER INFORMATION CONTACT: Mr. Greg Mann, Office of International and Interagency Relations, (202) 358–5140, NASA Headquarters, Washington, DC 20546–0001.

SUPPLEMENTARY INFORMATION: This meeting will be open to the public up to the seating capacity of the room. This meeting is also accessible via teleconference. To participate telephonically, please contact Mr. Greg Mann (202–358–5140) before 4:30 p.m., local time, September 8, 2014. You will need to provide your name, affiliation,

and phone number. Attendees will be requested to sign a register and to comply with NASA security requirements, including the presentation of a valid picture ID to Security before access to NASA Headquarters. Foreign nationals attending this meeting will be required to provide a copy of their passport and visa in addition to providing the following information no less than 10 working days prior to the meeting: full name; gender; date/place of birth; citizenship; visa information (number, type, expiration date); passport information (number, country, expiration date); employer/affiliation information (name of institution, address, country, telephone); title/position of attendee; and home address to Mr. Mann via email at gmann@nasa.gov or by telephone at (202) 358-5140 or fax at (202) 358-3030. U.S. citizens and permanent residents (green card holders) are requested to submit their name and affiliation 3 working days prior to the meeting to Mr. Mann. It is imperative that the meeting be held on this date to accommodate the scheduling priorities of the key participants.

Patricia D. Rausch,

*Advisory Committee Management Officer,
National Aeronautics and Space
Administration.*

BILLING CODE 7510-13-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 030-28641; NRC-2014-0160]

Department of the Air Force, Kirtland Air Force Base, New Mexico

AGENCY: Nuclear Regulatory Commission.

ACTION: Environmental assessment and finding of no significant impact; notice of availability.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is considering an amendment to License No. 42-23539-01AF (Docket No. 030-28641) which authorizes the unrestricted release of Radioactive Waste Site RW-06 at Kirtland Air Force Base. The NRC has reviewed the Department of the Air Force's final status survey report and conducted an independent confirmatory survey of the site. The NRC concludes that the site meets the radiological criteria established in regulations for unrestricted use. The NRC plans to approve the final status survey report and issue an amendment to the license

which allows Site RW-06 to be released for unrestricted use.

ADDRESSES: Please refer to Docket ID NRC-2014-0160 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking Web site:* Go to <http://www.regulations.gov> and search for Docket ID NRC-2014-0160. Address questions about NRC dockets to Carol Gallagher; telephone: 301-287-3422; email: Carol.Gallagher@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly-available documents online in the ADAMS Public Documents collection at <http://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "ADAMS Public Documents" and then select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1-800-397-4209, 301-415-4737, or by email to pdr.resource@nrc.gov. For the convenience of the reader, the ADAMS accession numbers are provided in a table in the "Availability of Documents" section of this document.

- *NRC's PDR:* You may examine and purchase copies of public documents at the NRC's PDR, Room O1-F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

FOR FURTHER INFORMATION CONTACT: Ray L. Kellar, Division of Nuclear Materials Safety, Region IV, telephone: 817-200-1191, email: Ray.Kellar@nrc.gov; U.S. Nuclear Regulatory Commission, Arlington, Texas, 76011.

SUPPLEMENTARY INFORMATION:

I. Introduction

The NRC is issuing a license amendment to Material License No. 42-23539-01AF, issued to the Department of the Air Force (the licensee), to authorize release of Radioactive Waste Site RW-06 at Kirtland Air Force Base, New Mexico, for unrestricted use, and has prepared an Environmental Assessment (EA) in support of this amendment in accordance with the requirements of Part 51 of Title 10 of the Code of Federal Regulations. Based on the EA, the NRC has concluded that a Finding of No Significant Impact (FONSI) is appropriate. The license amendment will be issued following the publication of this Notice.

II. EA Summary

The purpose of the proposed license amendment is to authorize the release of the licensee's Radioactive Waste Site RW-06 for unrestricted use and to allow the licensee to remove this site from its license. The licensee was previously authorized by the NRC to possess radioactive materials at the RW-06 site. These radioactive materials include buried wastes from previous laboratory operations. The licensee remediated the site in 2009. On November 3, 2011, the licensee requested that NRC release the site for unrestricted use. In response, the NRC proceeded to confirm if the licensee conducted surveys of the facility and provided sufficient information to the NRC to demonstrate that the site meets the license termination criteria in Subpart E of Part 20 of Title 10 of the *Code of Federal Regulations* (10 CFR) for unrestricted release.

The NRC conducted an environmental assessment of this decommissioning project as required by 10 CFR 51.21. The staff has prepared this EA and associated Technical Evaluation Report in support of the proposed license amendment. In summary, the NRC staff concluded that the licensee designed and implemented the final status survey plan using the guidance provided in NUREG-1575, "Multi-Agency Radiation Survey and Site Investigation Manual (MARSSIM)." The NRC staff confirmed that the licensee implemented the final status survey as stipulated in the survey plan, and the licensee submitted a final status survey report to the NRC as required by 10 CFR 30.36(j). The results of the amended final status survey report indicate that Radioactive Waste Site RW-06 meets the derived concentration guideline level criteria specified in MARSSIM and NUREG-1757, "Consolidated Decommissioning Guidance," Volume 1. The NRC staff conducted a confirmatory survey during March 2011, confirming that the licensee had effectively remediated the site.

Section 20.1402 states that a site will be considered acceptable for unrestricted use if the residual radioactivity that is distinguishable from background radiation results in a total effective dose equivalent to an average member of the critical group that does not exceed 25 millirems (0.25 milliSieverts) per year. The licensee's final status survey report documents that Radioactive Waste Site RW-06 meets the criteria established in 10 CFR 20.1402. The NRC has reviewed and approved the final status survey report, and the NRC has conducted a
