

the next round of negotiations, currently scheduled for October 13–17. Comments received after October 13, 2003 will be used to inform any subsequent rounds of negotiations.

FOR FURTHER INFORMATION CONTACT: For procedural questions concerning public comments, contact Gloria Blue, Executive Secretary, TPSC, Office of the USTR, 1724 F Street, NW., Washington, DC 20508, telephone (202) 395–3475. Questions concerning the environmental review, or requests for copies, should be addressed to Jennifer Prescott or David Brooks, Environment and Natural Resources Section, Office of the USTR, telephone 202–395–7320.

SUPPLEMENTARY INFORMATION: The Trade Act of 2002, signed by the President on August 6, 2002, provides that the President shall conduct environmental reviews of [certain] trade agreements consistent with Executive Order 13121–Environmental Review of Trade Agreements (64 FR 63169, Nov. 18, 1999) and its implementing guidelines (65 FR 79442, Dec. 19, 2000) and report on such reviews to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate. The Order and guidelines are available at <http://www.ustr.gov/environment/environmental.shtml>.

The purpose of environmental reviews is to ensure that policymakers and the public are informed about reasonably foreseeable environmental impacts of trade agreements (both positive and negative), to identify complementarities between trade and environmental objectives, and to help shape appropriate responses if environmental impacts are identified. Reviews are intended to be one tool, among others, for integrating environmental information and analysis into the fluid, dynamic process of trade negotiations. USTR and the Council on Environmental Quality jointly oversee implementation of the Order and Guidelines. USTR, through the Trade Policy Staff Committee (TPSC), is responsible for conducting the individual reviews.
