

from Lake Decade southward, improving the distribution and retention of diverted water, and maintaining the hydrologic integrity of the south shore embankment of Lake Decade. The project area encompasses approximately 7,343 acres of marsh and open water habitat. Project features include the installation of three multi-gated diversion structures; approximately 8,700 feet of shoreline protection along the south shore of Lake Decade; two low-level fixed crested weirs; one armored plug closure; enlarging approximately 2,500 feet of Lapeyrouse Canal; restoring 2,900 feet of oilfield embankment; and implementing vegetative protection measures.

The Notice of Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various federal, state, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data collected during the environmental assessment are on file and may be reviewed by contacting Donald W. Gohmert.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

Continuation of Countervailing and Antidumping Duty Orders on Oil Country Tubular Goods From Argentina, Italy, Japan, Korea and Mexico, and Partial Revocation of Those Orders From Argentina and Mexico With Respect to Drill Pipe

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of continuation of countervailing and antidumping duty orders on oil country tubular goods from Argentina, Italy, Japan, Korea and Mexico, and partial revocation of those orders from Argentina and Mexico with respect to drill pipe.

SUMMARY: The Department of Commerce ("the Department"), pursuant to sections 751(c) of the Tariff Act of 1930, as amended ("the Act"), determined that revocation of the countervailing duty order on oil country tubular goods ("OCTG") from Italy, and the antidumping duty orders on OCTG from Argentina, Italy, Japan, Korea and Mexico would be likely to lead to continuation or recurrence of a countervailable subsidy and dumping.¹

On July 10, 2001, the International Trade Commission ("the Commission"), pursuant to section 751(c) of the Act, determined that revocation of the countervailing duty order on OCTG other than drill pipe from Italy,² the

antidumping duty orders on OCTG other than drill pipe from Argentina, Italy, Korea, and Mexico, and the antidumping duty order on OCTG, inclusive of drill pipe, from Japan would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (66 FR 35997 (July 10, 2001)). The Commission also determined that partial revocation of the antidumping duty orders on OCTG with respect to drill pipe from Argentina and Mexico would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time (66 FR 35997 (July 10, 2001)).

Pursuant to 751(d)(2) of the Act and 19 CFR 351.218(f)(4), the Department is publishing this notice of the continuation of the countervailing duty order on OCTG other than drill pipe from Italy, the antidumping duty orders on OCTG other than drill pipe from Argentina, Italy, Korea and Mexico, and the antidumping duty order on OCTG, inclusive of drill pipe, from Japan.

In addition, pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(2)(i), the Department is revoking, in part, the antidumping duty orders on OCTG from Argentina and Mexico with respect to drill pipe. Pursuant to section 751(c)(6)(A)(iv) of the Act and 19 CFR 351.222(i)(2)(i) the effective date of this partial revocation of the order on OCTG from Argentina and Mexico is August 11, 2000 (the fifth year after the date of publication of the order).

EFFECTIVE DATE: July 25, 2001.³

drill pipe and OCTG other than drill pipe. In addition, in its original investigation the ITC went negative on drill pipe from Italy and Korea. See USITC Publication 3434 (June 2001), Investigation Nos. 701-TA-364, 731-TA-711, and 713-716 (Reviews), p.5.

³ The effective date for the continuation of the orders is the date of publication of this Federal Register notice. The effective date for the partial revocations is August 11, 2000 (the fifth year after the date of publication of the order).

¹ See Oil Country Tubular Goods ("OCTG") From Italy; Final Results of Sunset Review of Countervailing Duty Order, 66 FR 13910 (March 8, 2001), Oil Country Tubular goods ("OCTG") From Mexico; Final Results of Sunset Review of Antidumping Duty Order, 66 FR 14131 (March 9, 2001), and Final Results of Expedited Sunset Reviews; Oil Country Tubular Goods From Argentina, Italy, Japan, and Korea, 65 FR 66701 (November 7, 2000).
