SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A. The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on June 28, 2024 at 89 FR 54029.

A. Overview of Information Collection

Title of Information Collection: Evaluation of the HUD-DOJ Pay for Success Permanent Supportive Housing Demonstration.

MB Approval Number: 2528-0319.
Type of Request: Extension of a currently approved collection.
Form Number: N/A.
Description of the need for the information and proposed use: The U.S. Departments of Housing and Urban Development (HUD) and Justice (DOJ) entered into an interagency collaboration that combines DOJ's mission to promote safer communities by focusing on the reentry population with HUD's mission to end chronic homelessness. This collaboration resulted in the HUD-DOJ Pay for Success Permanent Supportive Housing Demonstration with \$8.68 million awarded to seven communities to develop supportive housing for persons cycling between the jail or prison systems and the homeless service systems using pay for success (PFS) as a funding mechanism. HUD announced seven grantees from across the country in June 2016. As of August 2024, four grantee communities remain. The PFS Demonstration grant supports activities throughout the PFS lifecycle, including feasibility analysis, transaction structuring, and outcome evaluation and success payments, with each grantee receiving funds for different stages in the PFS lifecycle. Through the national evaluation, which is funded through an interagency agreement between HUD

and DOJ and managed by HUD's Office of Policy Development and Research, HUD-DOJ seek to assess whether PFS is a viable model for scaling supportive housing to improve outcomes for a reentry population. The main goal of the evaluation is to learn how the PFS model is implemented in diverse settings with different structures, populations, and community contexts. The Urban Institute has been conducting a multi-disciplinary, multi-method approach to "learn as we do" and meet the key objectives of the formative evaluation. To understand project implementation, the evaluation includes data collection on both the time that project partners dedicate to each PFS project as well as PFS partner perceptions and interactions and community-level changes that may benefit the target population. This information collection request is for an ongoing time survey and an annual partnership web survey. The time survey will be used to assess staff time spent on development of each PFS project throughout the different lifecycle phases and the partnership survey will be used to document partner perceptions and interactions and community-level changes that may benefit the target population.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hours per response	Annual burden hours	Hourly cost per response	Annual cost

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Public Housing Program—Transfer and Consolidation of Public Housing Programs.

OMB Approval Number: 2577–0280.

Type of Request: Extension of a previously approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: State legislatures or other local governing bodies may from time to time direct or agree that the public interest is best served if one public housing agency (PHA) cedes its public housing program to another PHA, or that two or more PHAs should be combined into one multijurisdictional PHA. This proposed information collection serves to protect the U.S. Department of Housing and Urban Development’s (HUD) several interests in either transaction: (1) insuring the continued used of the property as public housing; (2) that HUD’s interests are secured; and (3) that the operating and capital subsidies that HUD pays to support the operation and maintenance of public housing is properly paid to the correct PHA on behalf of the correct properties. In addition to submitting documentation to HUD, PHAs are required to make conforming changes to HUD’s Public Housing Information Center (PIC).

Total Estimated Burdens:

TOTAL BURDEN HOUR ESTIMATES FOR PHAS

Number of transfer or consolidation actions	Number of respondents	Frequency of requirement*	×	Est. avg. time for requirement (hours)	=	Est. annual burden (hours)
3 Transfers	6	1		100		600
2 Consolidations	4	1		100		400
Subtotals	10		100		1,000

* The frequency shown assumes that the receiving or consolidated PHA makes one submission for all other PHAs involved in either the transfer or consolidation.

B. Solicitation of Public Comment
