## FEDERAL RESERVE SYSTEM

### Change in Bank Control Notices; Acquisitions of Shares of a Bank or Bank Holding Company

The notificants listed below have applied under the Change in Bank Control Act (Act) (12 U.S.C. 1817(j)) and § 225.41 of the Board's Regulation Y (12 CFR 225.41) to acquire shares of a bank or bank holding company. The factors that are considered in acting on the applications are set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)(7)).

The public portions of the applications listed below, as well as other related filings required by the Board, if any, are available for immediate inspection at the Federal Reserve Bank(s) indicated below and at the offices of the Board of Governors. This information may also be obtained on an expedited basis, upon request, by contacting the appropriate Federal Reserve Bank and from the Board's Freedom of Information Office at <https://www.federalreserve.gov/foia/request.htm>. Interested persons may express their views in writing on the standards enumerated in paragraph 7 of the Act.

Comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors, Ann E. Misback, Secretary of the Board, 20th Street and Constitution Avenue NW, Washington, DC 20551-0001, not later than April 15, 2022.

*A. Federal Reserve Bank of Chicago* (Colette A. Fried, Assistant Vice President) 230 South LaSalle Street, Chicago, Illinois 60690-1414:

1. *Elizabeth Bosshard-Blackey 2022 Irrevocable Bank Trust, u/a/d January 7, 2022, Andrew R. Bosshard, as trustee, both of La Crosse, Wisconsin; and*

*Piercarlo Valdesolo, South Pasadena, California; to become members of the Bosshard Family Control Group, a group acting in concert, to acquire voting shares of Bosshard Financial Group, Inc., La Crosse, Wisconsin, and thereby indirectly acquire voting shares of One Community Bank, Oregon, Wisconsin, and Farmers State Bank-Hillsboro, Hillsboro, Wisconsin.*

2. *The MCM BAA Investment Trust, Kristine M.P. Martin and Tye J. Klooster, as co-trustees, William Seth Martin, as business advisor and trust protector, and the WSM BAA Family Trust, Michael Carl Martin, as trustee, all of Ann Arbor, Michigan; to become members of the Martin Family Control Group, a group acting in concert, to acquire voting shares of Arbor Bancorp, Inc., and thereby indirectly acquire voting shares of Bank of Ann Arbor, both of Ann Arbor, Michigan.*

Board of Governors of the Federal Reserve System, March 28, 2022.

**Michele Taylor Fennell,**

*Deputy Associate Secretary of the Board.*

## GENERAL SERVICES ADMINISTRATION

**[OMB Control No. 3090-0044; Docket No. 2021-0001; Sequence No. 14]**

### Submission for OMB Review; Application/Permit for Use of Space in Public Buildings and Grounds, GSA Form 3453

**AGENCY:** Public Buildings Service, General Services Administration (GSA).

**ACTION:** Notice of request for comments regarding an extension to an existing OMB clearance.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act, the Regulatory Secretariat Division will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension of a previously approved information collection requirement regarding the Application/Permit for Use of Space in Public Buildings and Grounds, GSA Form 3453.

**DATES:** *Submit comments on or before:* May 2, 2022.

**ADDRESSES:** Written comments and recommendations for this information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under

Review—Open for Public Comments" or by using the search function.

**FOR FURTHER INFORMATION CONTACT:** Ms. Karen Handsfield, Public Buildings Service, at telephone 202-208-2444, or via email to [karen.handsfield@gsa.gov](mailto:karen.handsfield@gsa.gov).

**SUPPLEMENTARY INFORMATION:**

#### A. Purpose

The general public uses Application/Permit for Use of Space in Public Buildings and Grounds, GSA Form 3453, to request the use of public space in Federal buildings and on Federal grounds for cultural, educational, or recreational activities. A copy, sample, or description of any material or item proposed for distribution or display must also accompany this request.

#### B. Annual Reporting Burden

*Respondents:* 8,000.

*Responses per Respondent:* 1.

*Hours per Response:* 0.05.

*Total Burden Hours:* 400.

#### C. Public Comments

A 60-day notice published in the **Federal Register** at 86 FR 67471 on November 26, 2021. No comments were received.

#### *Obtaining Copies of Proposals:*

Requesters may obtain a copy of the information collection documents from the GSA Regulatory Secretariat Division, by calling 202-501-4755 or emailing [GSARegSec@gsa.gov](mailto:GSARegSec@gsa.gov). Please cite OMB Control No. 3090-0044, Application/Permit for Use of Space in Public Buildings and Grounds, GSA Form 3453, in all correspondence.

**Beth Anne Killoran,**

*Deputy Chief Information Officer.*

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Centers for Disease Control and Prevention

**[30Day-22-0134]**

### Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) submitted the information collection request titled "International Travel: Illness and Death Reports for Foreign Quarantine Regulations (42 CFR part 71)" to the Office of Management and Budget (OMB) for review and approval. CDC previously published a "Proposed Data Collection Submitted for Public

Comment and Recommendations” notice on January 8, 2022 to obtain comments from the public and affected agencies. CDC received one comment in the information collection request. This notice serves to allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected;

(d) Minimize the burden of the collection of information on those who are to respond, including, through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and

(e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570. Comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Direct written comments and/or suggestions regarding the items contained in this notice to the Attention: CDC Desk Officer, Office of Management and Budget, 725 17th Street NW, Washington, DC 20503 or by fax to (202) 395-5806. Provide written comments within 30 days of notice publication.

#### Proposed Project

*International Travel: Illness and Death Reports for Foreign Quarantine Regulations* (42 CFR part 71)—Revision—National Center for Emerging Zoonotic and Infectious Diseases

(NCEZID), Centers for Disease Control and Prevention (CDC).

#### Background and Brief Description

Section 361 of the Public Health Service Act (PHSA) (42 U.S.C. 264) authorizes the Secretary of Health and Human Services to make and enforce regulations necessary to prevent the introduction, transmission or spread of communicable diseases from foreign countries into the United States. Statute and the existing regulations governing foreign quarantine activities (42 CFR part 71) authorize quarantine officers and other personnel to inspect and undertake necessary control measures with respect to conveyances and persons in order to protect the public's health. Other inspection agencies, such as Customs and Border Protection (CBP), assist quarantine officers in public health screening of persons and make referrals to quarantine station staff when indicated. These practices and procedures ensure protection against the introduction and spread of communicable diseases into and within the United States with a minimum of recordkeeping and reporting procedures, as well as a minimum of interference with trade and travel.

U.S. Quarantine Stations are located at 20 ports of entry that include both airports and land border crossings where international travelers arrive. The jurisdiction of each station includes air, maritime, and/or land-border ports of entry. Quarantine Station staff work in partnership with international, federal, state, and local agencies and organizations to fulfill their mission to reduce morbidity and mortality among immigrants, refugees, travelers, expatriates, and other globally mobile populations. This work is performed to prevent the introduction, transmission, and spread of communicable diseases from foreign countries into the United States or from one State or possession to another State or possession. When an illness suggestive of a communicable disease is reported by conveyance operators or port partners (e.g., Customs and Border Protection), Quarantine Officers respond to carry out an onsite public health assessment and collect data from the individual. This response may occur jointly with port partners. The collection of comprehensive, pertinent public health information during these responses enables Quarantine Officers to make an accurate public health assessment and identify appropriate next steps. For this reason, quarantine station staff need to

systematically interview ill travelers and collect relevant health and epidemiologic information.

When Quarantine Officers are present at the port of entry, they may often respond in person to conduct assessment of an ill traveler. However, there are many instances in which a Quarantine Officer may not be able to meet a conveyance or border crosser in person, including (but not limited to) the following: The conveyance arrives at a port of entry that does not have a Quarantine Station on site; a maritime vessel is still out at sea when the report comes in; Quarantine Officers are already responding to another illness report; or the illness may be reported after hours and Quarantine Officers cannot arrive in time to meet the conveyance or border crosser without causing substantial delays to travel. If Quarantine Officers are unable to respond in-person, they provide phone consultation to port partners (e.g., Emergency Medical Services (EMS), DHS/CBP, and maritime partners such as ship medical personnel) on the scene, to determine the public health importance of the illness. In both circumstances, an interview of the ill person(s) is required to conduct the public health assessment, whether in-person, by phone, or through a trained responder (in consultation with the Quarantine Officer).

Data collected by Quarantine staff during the initial report of illness or death, and during the follow-up using the illness or death response forms, is entered into the Quarantine Activity Reporting System (QARS). QARS is a secure internet database implemented in June 2005 to document and track the illnesses and deaths reported to Quarantine Stations that occurred on conveyances entering the United States and at land border crossings.

Previously this information collection also included information collections related to regulating importations of animals and human remains, and animal products. CDC plans to consolidate and submit an information collection related to importations into a new and separate information collection request. CDC is also pausing approval of the Air Travel Illness or Death Investigation Form previously approved in this package, since it is currently approved under OMB Control 0920-1318.

CDC requests OMB approval for an estimated 3,595 annual burden hours. There are no costs to respondents other than their time.

## ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
Maritime Vessel Operator .....	42 CFR 71.21(a) report of illness or death from ships—Maritime Conveyance Illness or Death Investigation Form Sections 1–4.	500	1	10/60
Maritime Vessel Operator .....	42 CFR 71.21(a) report of illness or death from ships—Maritime Conveyance Illness or Death Investigation Form Section 5.	100	1	5/60
Maritime Vessel Operator .....	Cumulative Influenza/Influenza-Like Illness (ILI).	3,000	1	2/60
Maritime Vessel Operator .....	42 CFR 71.35 Report of death/illness during stay in port (No Form).	5	1	30/60
Pilot in command .....	42 CFR 71.21(b) Death/Illness reports from aircrafts (No form).	79,500	1	2/60
Traveler .....	Land Travel Illness or Death Investigation Form.	3,000	1	15/60
Isolated or Quarantined individuals .....	42 CFR 71.33 Report by persons in isolation or surveillance (No Form).	11	1	3/60

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Administration for Community Living

#### Agency Information Collection Activities; Submission for OMB Review; Public Comment Request; the National Survey of Older Americans Act Participants Module on Emergency Preparedness; OMB 0985–0023

**AGENCY:** Administration for Community Living, HHS.

**ACTION:** Notice.

**SUMMARY:** The Administration for Community Living is announcing that the proposed collection of information listed above has been submitted to the Office of Management and Budget (OMB) for review and clearance as required under section 506(c)(2)(A) of the Paperwork Reduction Act of 1995. This 30-Day notice solicits comments on the addition of a new rotating module on Emergency Preparedness to be added to the currently approved National Survey of Older Americans Act Participants used by ACL to measure program performance for programs funded under Title III of the Older Americans Act.

**DATES:** Submit written comments on the collection of information by May 2, 2022.

**ADDRESSES:** Submit written comments and recommendations for the proposed

information collection within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find the information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. By mail to the Office of Information and Regulatory Affairs, OMB, New Executive Office Bldg., 725 17th St. NW, Rm. 10235, Washington, DC 20503, Attn: OMB Desk Officer for ACL.

**FOR FURTHER INFORMATION CONTACT:** Terrill Curtis, Administration for Community Living, Washington, DC 20201, by email at [Terrill.Curtis@acl.hhs.gov](mailto:Terrill.Curtis@acl.hhs.gov) or by telephone at 202–795–7420.

**SUPPLEMENTARY INFORMATION:** In compliance with 44 U.S.C. 3507, ACL has submitted the following proposed collection of information to OMB for review and clearance. The Administration for Community Living (ACL) is requesting approval for a rotating module on Emergency Preparedness to be added to the currently approved National Survey of Older Americans Act (OAA) Participants. The purpose of adding questions on emergency preparedness to the NSOAP is to measure the extent to which older adults have received training on, and are prepared for, an emergency event.

Older adults often have unique needs during an emergency or crisis. For example, they may have mobility challenges and/or chronic health conditions, or they may not have any family or friends nearby to support them. Support services that an older adult relies on to live at home, such as help from family caregivers, in-home health care, and home delivered meals,

may be unavailable due to the disaster. These conditions increase a person’s vulnerability and may lead to nursing home care that may have been otherwise avoidable. In addition, older adults may be hearing or vision impaired or have a cognitive impairment such as dementia, which may make it difficult to access and respond to emergency directions. The assessment of emergency preparedness levels among the OAA population is necessary to prevent injuries, to plan assistance strategies, and to increase resilience for older Americans.

ACL is requesting approval for a module on Emergency Preparedness to be added to the currently approved NSOAP data collection effort. This module on Emergency Preparedness was originally included in the 60-day FRN on November 17, 2020 (85 FR 73273). However, due to the ongoing health crisis older adults were experiencing because of COVID–19, a module on the pandemic was added to the 2021 NSOAP instead of the Emergency Preparedness module.

The data will be used by the Administrator of the Administration for Community Living/Assistant Secretary for Aging to:

- Help States and AAAs to structure their programs and services to better prepare OAA clients for emergencies.
- Provide secondary data for analysis of the level of preparedness among OAA clients in the event of disasters such as natural disasters; public health emergencies; man-made disasters; and technological emergencies.
- Identify gaps in emergency preparedness at the national level that may disproportionately affect the most vulnerable OAA clients such as those living in rural areas, having income
