Federal Register

Vol. 86, No. 38

Monday, March 1, 2021

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

Sunshine Act Meeting

TIME AND DATE: March 5, 2021, 2:00 p.m. EDT.

PLACE: Public Meeting Hosted via Audio Conference.

STATUS: Open to the public.

MATTERS TO BE CONSIDERED: The Chemical Safety and Hazard Investigation Board (CSB) will convene a public meeting on Friday, March 5, 2021, at 2:00 p.m. EDT. The Board will review the CSB's progress in meeting its mission and highlight safety product newly released through investigations and safety recommendations.

Additional Information

This meeting will only be available via the following call-in number. If you require a translator or interpreter, please notify the individual listed below as the "Contact Person for Further Information," at least three business days prior to the meeting.

Audience members should use the following information to access the meeting:

Dial-In: 1 (800) 697-5978 Audience US Toll Free; 1 (630) 691-2750 Audience US Toll

Passcode: 6470 316#

Please dial the phone number five minutes prior to the start of the conference call and enter your passcode.

The CSB is an independent federal agency charged with investigating incidents and hazards that result, or may result, in the catastrophic release of extremely hazardous substances. The agency's Board Members are appointed by the President and confirmed by the Senate. CSB investigations look into all aspects of chemical accidents and hazards, including physical causes such as equipment failure as well as inadequacies in regulations, industry

standards, and safety management systems.

Contact Person for Further Information

Hillary Cohen, Communications Manager, at public@csb.gov or (202) 446-8094. Further information about this public meeting can be found on the CSB website at: www.csb.gov.

Dated: February 24, 2021.

Sabrina Morris,

Board Affairs Specialist, Chemical Safety and Hazard Investigation Board.

DEPARTMENT OF COMMERCE

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Management and Organizational Practices Survey—Hospitals

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on November 19, 2020 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau.

Title: Management and Organizational Practices Survey-Hospitals.

OMB Control Number: 0607-XXXX.

Form Number(s): MOPS-HP.

Type of Request: Regular submission, New Information Collection Request.

Number of Respondents: 3,200.

Average Hours per Response: 45 minutes.

Burden Hours: 2,400.

Needs and Uses: The Census Bureau proposes conducting the Management and Organizational Practices Survey-Hospitals (MOPS-HP) in order to

provide critical information on the health sector to our many stakeholders in support of our mission to serve as "the leading source of quality data about the nation's people and economy." The MOPS-HP will collect information on the use of structured management practices from Chief Nursing Officers (CNOs) at approximately 3,200 hospitals with the goal of producing four publicly available indices that measure key characteristics of these structured management practices. The proposed MOPS-HP will be collected for reference years 2020 and 2019. Content includes performance monitoring, goals, staff management, the use of standardized clinical protocols, and medical record documentation. Some questions are adapted from the Management and Organizational Practices Survey (MOPS) (OMB Approval Number 0607-0963), conducted in the manufacturing sector, allowing for inter-sectoral comparisons.

The MOPS-HP will provide a deeper understanding of the business processes which impact an increasingly important sector of the economy; total national health expenditures represented almost 18 percent of U.S. gross domestic product in 2017 (National Center for Health Statistics). The MOPS-HP will provide a nationally representative sample, enabling stakeholders to understand the role of structured management practices in financial and clinical outcomes in U.S. hospitals. This understanding is of increasing importance with the COVID-19 pandemic, where the overwhelming number of hospitalizations at varying points has stretched staff and resources to capacity. In much the same way that the MOPS allowed for the measurement of the importance of these structured management practices for productivity and growth in the manufacturing sector, the MOPS-HP will inform our understanding of hospitals. Questions developed and tested for the MOPS-HP instrument are adapted from the 2015 MOPS and the 2009 World Management Survey's (WMS) healthcare instrument. The Census Bureau conducted the MOPS in 2010 and 2015 with approximately 35,000 manufacturing plants to measure management practices. These data show that management practices are strongly correlated with plant profitability and productivity. The WMS has collected
