SUPPLEMENTARY INFORMATION: This action is authorized under Part G of the Juvenile Justice and Delinquency Prevention Act of 1974, as amended (Pub. L. 93-415; 42 U.S.C. 5667e *et seq.*). The JUMP program provides funding for one-to-one mentoring projects for youth at risk of educational failure, dropping out of school, or involvement in delinquent activities, including gangs and substance abuse. The JUMP program strategy is to fund collaborative efforts between local educational agencies and public/private nonprofit organizations or tribal nations

to support development of effective mentoring programs for at-risk youth. Applicants should target at-risk youth in high crime areas where 60 percent or more of youth in the participating school are approved to receive Chapter I funds (Free and Reduced Lunch Program) under the Elementary and Secondary Education Act of 1965 and where a considerable number of youth are truant or drop out of school each year. OJJDP encourages applications from both new programs and those programs with proven track records that want to expand their mentoring activities in accordance with this solicitation's program goals and objectives. National organizations are not eligible to compete for funding available through this effort. Awards of up to \$210,000 for 3-year budget and project periods will be available.

Dated: March 7, 2000.

John J. Wilson,

Acting Administrator, Office of Juvenile Justice and Delinquency Prevention.

SUPPLEMENTARY INFORMATION:**Authority**

This action is authorized under the Omnibus Crime Control and Safe Streets

Act of 1968, Sections 201-03, as amended, 42 U.S.C. 3721-23 (1994).

Background

The National Commission on the Future of DNA Evidence, established pursuant to Section 3(2)A of the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2, will meet to carry out its advisory functions under Sections 201-202 of the Omnibus Crime Control and Safe Streets Act of 1968, as amended. This meeting will be open to the public.

The purpose of the National Commission on the Future of DNA Evidence is to provide the Attorney General with recommendations on the use of current and future DNA methods, applications and technologies in the operation of the criminal justice system, from the crime scene to the courtroom. Over the course of its Charter, the Commission will review critical policy issues regarding DNA evidence and provide recommended courses of action to improve its use as a tool of investigation and adjudication in criminal cases.

The Commission will address issues in five specific areas: (1) The use of DNA in postconviction relief cases, (2) legal concerns including *Daubert* challenges and the scope of discovery in DNA cases, (3) criteria for training and technical assistance for criminal justice professionals involved in the identification, collection and preservation of DNA evidence at the crime scene, (4) essential laboratory capabilities in the face of emerging technologies, and (5) the impact of future technological developments in the use of DNA in the criminal justice system. Each topic will be the focus of the in-depth analysis by separate working groups comprised of prominent professionals who will report back to the Commission.

Dated: March 6, 2000.

Jeremy Travis,

Director, National Institute of Justice.
