SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce ("the Department") published an antidumping duty order on certain corrosion-resistant carbon steel flat products from Japan on August 19, 1993. *See Antidumping Duty Order: Certain Corrosion-Resistant Carbon Steel Flat Products from Japan*, 58 FR 44163 (August 19, 1993). Nucor Corporation ("Nucor"), a domestic interested party, requested that the Department conduct an administrative review of the order. *See Letter from Nucor Corporation*, August 31, 2004. On September 22, 2004, the Department published a notice of initiation of administrative review of the antidumping duty order on certain corrosion-resistant carbon steel flat products from Japan, covering the period of August 1, 2003, to July 31, 2004. *See Initiation of Antidumping and*

Countervailing Duty Administrative Reviews and Request for Revocation, In Part, 69 FR 56745. On May 3, 2005, the Department extended the time for issuing the preliminary results until June 2, 2005. *See Certain Corrosion-Resistant Carbon Steel Flat Products from Japan: Notice of Extension of Preliminary Results of Antidumping Duty Administrative Review*, 70 FR 24393 (May 9, 2005). On May 20, 2005, Nucor filed a letter withdrawing its request for administrative review. In its letter, Nucor requested that the Department rescind the review. *See Letter from Nucor Corporation re: Corrosion Resistant Steel Flat Products from Japan*. On June 2, 2005, United States Steel ("U.S. Steel"), a domestic interested party, filed comments objecting to the Department rescinding the review. *See Letter from U.S. Steel*. The preliminary results for this review are currently due no later than June 2, 2005.

Extension of Time Limits for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested. If it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations allow the Department to extend this deadline to a maximum of 365 days.

The Department received comments objecting to the rescission of the review on the deadline date for issuing the preliminary results. The Department requires time to evaluate the objection to rescinding the review. Therefore, the Department determines that it is not practicable to complete the review by June 2, 2005, and is extending the time limit for completion of the preliminary results by 28 days to no later than June 30, 2005. In the event the Department decides to proceed with this administrative review, we expect to issue the final results no later than 120 days after publication of the notice of the preliminary results. This notice is being issued and published in accordance with section 751(a)(3)(A) of the Act.

Dated: June 2, 2005.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.

BILLING CODE 3510-22-P

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Request for Public Comments on Commercial Availability Request under the United States-Caribbean Basin Trade Partnership Act (CBTPA)

June 3, 2005.

AGENCY: Committee for the Implementation of Textile Agreements (CITA)

ACTION: Request for public comments concerning a request for a determination that certain 100 percent cotton, piece dyed, seersucker fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA.

SUMMARY: On June 1, 2005, the Chairman of CITA received a petition from Sandler, Travis & Rosenberg, P.A., on behalf of their client B*W*A of New York City, alleging that certain 100 percent cotton, piece dyed, plain weave double warp beam seersucker fabrics, of specifications detailed below, classified in subheadings 5208.32.30, 5208.32.40, 5208.32.50, and 5209.31.60 of the Harmonized Tariff Schedule of the United States (HTSUS), cannot be supplied by the domestic industry in commercial quantities in a timely manner. The petition requests that woven shirts, blouses, and sleepwear of such fabrics be eligible for preferential treatment under the CBTPA. CITA hereby solicits public comments on this request, in particular with regard to whether such fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Comments must be submitted by June 23, 2005 to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, United States Department of Commerce, 14th and Constitution Avenue, N.W. Washington, D.C. 20230.

FOR FURTHER INFORMATION CONTACT: Richard Stetson, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

SUPPLEMENTARY INFORMATION:

Authority: Section 211(a) of the CBTPA, amending Section 213(b)(2)(A)(v)(II) of the Caribbean Basin Recovery Act (CBERA); Section 6 of Executive Order No. 13191 of January 17, 2001; Presidential Proclamations 7351 of October 2, 2000.

BACKGROUND:

The CBTPA provides for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products manufactured from yarns and fabrics formed in the United States or a beneficiary country. The CBTPA also provides for quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more beneficiary countries from fabric or yarn that is not formed in the United States, if it has been determined that such fabric or yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. In Executive Order No. 13191, the President delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA and directed CITA to establish procedures to ensure appropriate public

participation in any such determination. On March 6, 2001, CITA published procedures that it will follow in considering requests. (66 FR 13502).

On June 1, 2005 the Chairman of CITA received a petition from B*W*A alleging that certain 100 percent cotton, piece dyed, plain weave double warp beam seersucker fabrics, of specifications detailed below, classified in HTSUS subheadings 5208.32.30, 5208.32.40, 5208.32.50, and 5209.31.60, for use in woven shirts, blouses, and sleepwear, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting quota- and duty-free treatment under the CBTPA for such apparel articles that are both cut and sewn in one or more beneficiary countries from such fabrics.

Specifications:

Petitioner Style Number:	Various
Fiber Content:	100% Cotton
Yarn Number:	(1) 33/1 - 119/1 metric warp; (2) 33/1 - 119/1 & 33/2 - 119/2 metric warp 33/1 - 119/1 metric filling; overall average yarn number: 30 - 115 metric
Thread Count:	23 - 48 warp ends per centimeter; 19 - 40 filling picks per centimeter; total: 42 - 88 threads per square centimeter
Weave:	Plain weave double warp beam seersucker
Weight:	101 - 255 grams per square meter
Width:	136 - 152 centimeters
Finish:	(Piece) Dyed

The petitioner states that one very important feature of the fabrics is that they are genuine seersucker fabrics, woven with two warp beams, one with half the warp yarns subject to normal warp tension, the other with the warp yarns in a relaxed or tensionless state. Thus, the unique "crinkled" appearance and feel of the finished fabric is achieved on the loom and enhanced in the dyeing and finishing process, not merely by dyeing and finishing alone.

CITA is soliciting public comments regarding this request, particularly with respect to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Also relevant is whether other fabrics that are supplied by the domestic industry in commercial quantities in a timely manner are substitutable for these fabrics for purposes of the intended use. Comments must be received no later than June 23, 2005. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S.
