Applicants' Representations

1. The Series trust is a Massachusetts business trust organized under the laws of The Commonwealth of Massachusetts and is registered on Form N-1A under the 1940 Act as a diversified, open-end management investment company. The Series Trust has issued shares of beneficial interest in ten series, each of which represents an interest in a different investment portfolio. Each series of the Series Trust, including the Value Fund, is managed by the Adviser.

2. The Value Fund's investment objective is to increase the value of an investment in bull markets and in bear markets through strategies designed to maintain limited net exposure to general equity market risk. It seeks to achieve its investment objective by buying common stocks that the Adviser believes are undervalued and by "selling short" stocks that the Adviser believes are overvalued. The Value Fund seeks to have approximately equal dollar amounts invested in long and short positions and near neutral exposure to specific industries, specific capitalization ranges and certain other risk factors. The Value fund invests primarily in stocks that are principally traded in the markets of the United States, and measures its performance by a comparison to 3-month U.S. Treasury Bills.

3. The VIT is a Massachusetts business trust organized under the laws of The Commonwealth of Massachusetts and is registered on Form N-1A under the 1940 Act as a diversified, open-end management investment company. The sole series of the VIT is the VIT Fund, which is managed by the Adviser.

4. AXA Rosenberg Group, a holding company for the AXA Rosenberg businesses, is the sole member and 100% owner of the Adviser and as such may be deemed an affiliate of the Adviser under the 1940 Act. AXA Rosenberg Group is a controlling shareholder of the VIT Fund and therefore may be deemed an affiliate of the Value Fund by virtue of its beneficial ownership, as of January 31, 2001, of 100% of the outstanding voting securities of the VIT Fund.

5. The VIT Fund was originally launched by the VIT as a clone of its retail counterpart, the Value Fund. Accordingly, the investment objective and strategies of the VIT Fund are substantially identical to those of the Value Fund as described above.

6. The Adviser is the investment adviser to both Trusts and the Funds. The Adviser is responsible for making investment decisions for the Funds and managing the Funds' other affairs and business, subject to the supervision of the Trust's Board of Trustees. The Adviser also provides investment advisory services to a number of institutional investors as well as the other portfolios of the Series Trust.

7. Since its inception, the VIT Fund has never achieved returns sufficient to enable the Adviser to market its shares successfully to insurance company separate accounts. Consequently, the Adviser continues to incur the substantial costs of maintaining the VIT Fund, even though its asset base has never grown beyond the contributions of AXA Rosenberg Group. Given its historical record, the VIT Fund is unlikely to attract insurance companies to utilize it as a funding vehicle for variable products and thus is expected to present a constant drain on the Adviser's assets while providing no benefit to the investing public.

8. The Trusts are proposing to effect the Merger pursuant to an Agreement and Plan of Reorganization (the "Plan"). The Plan provides that substantially all of the assets, subject to the liabilities, of the VIT Fund will be sold to the Value Fund. The Plan further provides that, as payment for such assets, the Value Fund will issue to the VIT Fund a number of its Institutional Shares having an aggregate net asset value equal to the aggregate value of the net assets of the VIT Fund exchanged therefor. Those Institutional Shares of the Value Fund will then be distributed to AXA Rosenberg Group, as the VIT Fund's sole shareholder. The value of the assets of both Funds will be calculated in accordance with the Series Trust's valuation procedures as set forth in the Series Trust's registration statement,

which are the same as those set forth in the VIT's registration statement and are similar to those suggested under Rule 17a-7 under the 1940 Act. No sales charge or fee of any kind will be charged to the Value Fund's shareholders in connection with the Merger.

9. The Agreement and Declaration of Trust of the VIT, as amended, provides that the Trust's Board of Trustees must approve a sale of substantially all the assets of any series of the VIT and that the Board of Trustees may submit such matters to the shareholders of the VIT Fund, which it has done. AXA Rosenberg Group, as the sole shareholder of the VIT Fund, has indicated that it will approve the Merger, and therefore it is intended that there will be no proxy solicitation in connection therewith. Instead, the VIT has filed a registration and information statement with the Commission on Form N-14 detailing the proposed Merger and intends to send the Prospectus/Information Statement contained therein to AXA Rosenberg Group shortly after such registration and information statement becomes effective.

10. The terms of the proposed Merger were presented to the Trusts' Board of Trustees at their meeting on December 4, 2000. At that time, the Board determined that the Merger is in the best interests of the shareholders of the Value Fund and the shareholder of the VIT Fund and that the interests of the Value Fund's shareholders will not be diluted thereby, in each case as required under rule 17a-8 under the 1940 Act.

11. The Applicants believe that the Merger as proposed is consistent with the interests of the Value Fund's shareholders because the Funds have substantially identical investment objectives and strategies and because the injection of additional capital into the Value Fund is expected to increase economies of scale for its shareholders to the extent that certain of the Value Fund's expenses are fixed and do not vary with asset size.

12. Applicants agree that the terms of and conditions to the issuance of an order granting the section 17(b) exemption requested by the Applicants are that:

(a) The Trusts' Board of Trustees, including a majority of the Trusts' independent Trustees voting separately, has determined (1) that participation in the Merger is in the best interests of each of the VIT Fund and the Value Fund, and (2) that the interests of the Value Fund's shareholders will not be diluted as a result of the Merger;

(b) All securities positions valued in connection with the Merger will be

consistently valued in accordance with the Series Trust's valuation procedures, which are substantially identical to those of the VIT and similar to those suggested under Rule 17a-7 under the 1940 Act; and

(c) The Merger will be reviewed during the following quarter by the Series Trust's Trustees, including the independent Trustees, for purposes of determining that the condition set forth in (b) above has been met.

For the Commission, by the Division of Investment Management, under delegated authority.

Deputy Secretary.
