## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–97504; File No. SR–NYSEARCA–2023–36]

### Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the NYSE Arca Equities Fees and Charges

May 15, 2023.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b–4 thereunder,<sup>2</sup> notice is hereby given that on May 1, 2023, NYSE Arca, Inc. (“NYSE Arca” or the “Exchange”) filed with the

Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE Arca Equities Fees and Charges (“Fee Schedule”) to amend the fee for orders routed that remove liquidity in away markets in Round Lots and Odd Lots in Tapes A, B and C securities with a per share price below \$1.00, and eliminate an incremental credit associated with the Tier 4 pricing tier under Adding Tiers. The Exchange proposes to implement the fee changes effective May 1, 2023. The proposed rule change is available on the Exchange's website at [www.nyse.com](http://www.nyse.com), at the principal office of the Exchange, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange proposes to amend the Fee Schedule to amend the fee for orders routed that remove liquidity in away markets in Round Lots and Odd Lots in Tapes A, B and C securities with a per share price below \$1.00 (“Sub-Dollar Securities”), and eliminate an incremental credit associated with the Tier 4 pricing tier under Adding Tiers. The Exchange proposes to implement the fee changes effective May 1, 2023.

###### Background

The Exchange operates in a highly competitive market. The Commission has repeatedly expressed its preference for competition over regulatory

intervention in determining prices, products, and services in the securities markets. In Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.”<sup>3</sup>

While Regulation NMS has enhanced competition, it has also fostered a “fragmented” market structure where trading in a single stock can occur across multiple trading centers. When multiple trading centers compete for order flow in the same stock, the Commission has recognized that “such competition can lead to the fragmentation of order flow in that stock.”<sup>4</sup> Indeed, equity trading is currently dispersed across 16 exchanges,<sup>5</sup> numerous alternative trading systems,<sup>6</sup> and broker-dealer internalizers and wholesalers, all competing for order flow. Based on publicly available information, no single exchange currently has more than 17% market share.<sup>7</sup> Therefore, no exchange possesses significant pricing power in the execution of equity order flow. More specifically, the Exchange currently has less than 10% market share of executed volume of equities trading.<sup>8</sup>

The Exchange believes that the ever-shifting market share among the exchanges from month to month demonstrates that market participants can move order flow, or discontinue or reduce use of certain categories of products. While it is not possible to know a firm's reason for shifting order flow, the Exchange believes that one such reason is because of fee changes at any of the registered exchanges or non-exchange venues to which a firm routes order flow. ETP Holders can choose from any one of the 16 currently operating registered exchanges to route such order flow. Accordingly,
