

discriminatory to limit higher credits for MPL Orders for which market participants may otherwise qualify because it will ensure that all market participants pay the same fees and receive the same credits regardless of Floor broker, DMM, or SLP designation. The Exchange believes that it is reasonable to allow MPL Orders to count toward adding liquidity because it is consistent with the purpose of those credits. The Exchange also believes it is equitable and not unfairly discriminatory because all market participants that use the MPL Order type will pay the same fee and receive the same credit.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁹ the Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes the proposed MPL Order fees and credits will enhance order execution opportunities for member organizations. Further, the Exchange believes that providing the same fees and credits for MPL Orders that would otherwise apply will enhance competition between the Exchange and other exchanges that currently offer similar order types by offering investors another option to access liquidity at the midpoint of the PBBO.

Finally, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee or credit levels at a particular venue to be unattractive. In such an environment, the Exchange must continually review, and consider adjusting, its fees and credits to remain competitive with other exchanges. For these reasons, the Exchange believes that the proposed rule change reflects this competitive environment and is therefore consistent with the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section

19(b)(3)(A)¹⁰ of the Act and subparagraph (f)(2) of Rule 19b-4¹¹ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹² of the Act to determine whether the proposed rule change should be approved or disapproved.

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending Its Price List To Increase the Fee for Executions in New York Stock Exchange Crossing Session II

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on January 23, 2014, NYSE MKT LLC (the "Exchange" or "NYSE MKT") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

executions in New York Stock Exchange (“NYSE”) Crossing Session II. The Exchange proposes to implement the fee change effective February 1, 2014. The text of the proposed rule change is available on the Exchange’s Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Price List increase the fee for executions in NYSE Crossing Session II. The Exchange proposes to implement the fee change effective February 1, 2014.⁴

A fee of \$0.0002 per share currently applies to executions in NYSE Crossing Session II. The Exchange proposes to increase the fee to \$0.0004. Fees for executions in NYSE Crossing Session II would continue to be capped at \$50,000 per month per member organization.

The proposed change is not otherwise intended to address any other issues, and the Exchange is not aware of any problems that member organizations would have in complying with the proposed change.

⁴ The Exchange notes that it has previously filed with the Securities and Exchange Commission a proposed rule change to amend the Price List (File No. SR-NYSEMKT-2014-11). Exhibit 5 to SR-NYSEMKT-2014-11 specified an effective date for the revised Price List of January 27, 2014 (changed from December 16, 2013). Exhibit 5 to the instant proposed rule change specifies an effective date of February 1, 2014 (changed from December 16, 2013). On January 27, 2014, subject to effectiveness of SR-NYSEMKT-2014-11, the Exchange will update the Price List to reflect the fee change reflected in SR-NYSEMKT-2014-11, with an effective date of January 27, 2014. On February 1, 2014, the Exchange will further update the Price List to reflect the changes set forth in the instant proposed rule change, with an effective date of February 1, 2014.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,⁶ in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes that the proposed increase in the fee for NYSE Crossing Session II transactions is reasonable because it would more closely align the rate with the other rates within the Price List. The increase would also align the rate with the corresponding fee in the NYSE Price List for Crossing Session II transactions, which NYSE has also proposed to increase from \$0.0002 to \$0.0004.⁷ The Exchange also believes that the proposed increase in the fee for NYSE Crossing Session II transactions is equitable and not unfairly discriminatory because such fees would apply to executions of all member organizations in NYSE Crossing Session II and because such fees would continue to be capped at \$50,000 per member organization per month.

Finally, the Exchange believes that it is subject to significant competitive forces, as described below in the Exchange’s statement regarding the burden on competition.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization’s Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁸ the Exchange believes that the proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

The increase in the fee for executions in NYSE Crossing Session II would not burden competition because it would apply to all member organizations and because fees for member organizations that are particularly active in NYSE Crossing Session II would continue to be capped at \$50,000 per member organization per month. The proposed increase would also align the fee with the corresponding fee in the NYSE Price

List that is applicable to Crossing Session II transactions.⁹

Finally, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive or rebate opportunities available at other venues to be more favorable. In such an environment, the Exchange must continually adjust its fees and rebates to remain competitive with other exchanges and with alternative trading systems that have been exempted from compliance with the statutory standards applicable to exchanges. Because competitors are free to modify their own fees and credits in response, and because market participants may readily adjust their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited. As a result of all of these considerations, the Exchange does not believe that the proposed changes will impair the ability of member organizations or competing order execution venues to maintain their competitive standing in the financial markets.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹⁰ of the Act and subparagraph (f)(2) of Rule 19b-4¹¹ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹² of the Act to determine whether the proposed rule
