

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Amendment and the planned schedule for the completion of the environmental review.¹

Schedule for Environmental Review

Issuance of EA—November 14, 2023
90-day Federal Authorization Decision
Deadline²—February 12, 2024

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Amendment's progress.

Project Description

The Amendment would adjust the Rio Bravo Pipeline's certificated route from approximate milepost (MP) 69.8 to MP 79.4 and from approximate MP 92.4 to MP 93.0 in Willacy County, Texas and from approximate MP 99.7 to MP 100.5 in Willacy and Cameron Counties, Texas. The Amendment would also relocate a meter station and extend the approved Rio Bravo Pipeline route approximately 0.6 mile in Cameron County, Texas and modify the pipe wall thickness of the majority of the Rio Bravo Pipeline consistent with U.S. Department of Transportation's Pipeline Hazardous Materials Safety Administration regulations. The route adjustments are intended to minimize impacts on certain sensitive environmental resources, address landowner requests, meet technical requirements from the International Boundary and Water Commission, and align the terminus of the pipelines with the currently approved design of the Rio Grande LNG Terminal.

Background

On August 23, 2023, the Commission issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Rio Bravo Pipeline Route Amendment* (Notice of Scoping). The Notice of Scoping was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. In response to the Notice of Scoping, the Commission

received comments from the U.S. Fish and Wildlife Service, U.S. Environmental Protection Agency, several individuals, Rio Grande LNG, LLC, and from Rio Bravo. The primary issues raised by the commenters specific to the scope of the Amendment are requests to extend the scoping comment period; impacts on endangered species (e.g., ocelot habitat), wildlife, and cultural resources; and reliability and safety. All substantive comments received during the scoping period and up until issuance of the EA will be addressed in the EA.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, environmental justice communities, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Additional information about the Amendment is available from the Commission's Office of External Affairs at (866) 208-FERC or on the FERC website (www.ferc.gov). Using the "eLibrary" link, select "General Search" from the eLibrary menu, enter the selected date range and "Docket Number" excluding the last three digits (i.e., CP23-519), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208-3676, TTY (202) 502-8659, or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC website also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

Dated: October 13, 2023.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER23-2171-000]

Tri-State Generation and Transmission Association, Inc.; Notice of Conference Call

On Friday, October 20, 2023, Commission staff will hold a conference call with Tri-State Generation and Transmission Association, Inc. (Tri-State) beginning at 10:00 a.m. (Eastern Time). The purpose of the conference call is to clarify the following statements made by Tri-State in the June 16, 2023 transmittal letter to its formula rate filing in Docket No. ER23-2171-000: "Given that an order on the Initial Decision has not yet issued, Tri-State is filing this rate to be consistent with its prior rates and cooperative principles. This filing will be adjusted accordingly in the event of a future Commission order that includes a conflicting directive."¹ The discussion during the conference call will be limited solely to whether Tri-State intends to submit an amended filing as referenced in these statements.

All interested parties are invited to listen by phone. The conference call will not be webcasted or transcribed. However, an audio listen-only line will be provided. Those wishing to access the listen-only line must email Sean Pauley at sean.pauley@ferc.gov by 5:00 p.m. (Eastern Time) on Thursday October 19, 2023, with your name, email, and phone number, in order to receive the call-in information before the conference call. Please use the following text for the subject line, "ER23-2171-000 listen-only line registration."

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations, please send an email to accessibility@ferc.gov or call toll free 1 (866) 208-3372 (voice) or (202) 208-1659 (TTY), or send a FAX to (202) 208-2106 with the required accommodations.

For additional information, please contact Sean Pauley at (202) 502-6766 or sean.pauley@ferc.gov.

Dated: October 13, 2023.

Kimberly D. Bose,
Secretary.
