

Frequency: The information is collected as needed.

Estimated Average Burden per Response: Approximately 135 hours per response.

Estimated Annual Burden Hours: An estimated 1,350 hours annually.

Abstract: Section A36.5.2 and A36.5.2.5 of the Federal Aviation Administration (FAA) noise certification standards for subsonic jet airplanes and subsonic transport category large airplanes (14 CFR part 36) contain information collection requirements. The information collected is needed for the applicant's noise certification compliance report in order to demonstrate compliance with part 36.

ADDRESSES: Send comments to the FAA to the following address: Ms. Carla Mauney, Room 1033, Federal Aviation Administration, Information Systems and Technology Services Staff, ABA-20, 800 Independence Ave., SW., Washington, DC 20591.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility, the accuracy of the Department's estimates of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued in Washington, DC, on June 23, 2006.

Carla Mauney,

FAA Information Collection Clearance Officer, Information Systems and Technology Services Staff, ABA-20.

BILLING CODE 4910-13-M

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Intent To Request Revision From the Office of Management and Budget of a Currently Approved Information Collection Activity, Request for Comments; FAA Research and Development Grants

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: The FAA invites public comments about our intention to request the Office of Management and Budget

(OMB) to approve a current information collection. The FAA Aviation Research and Development Grants Program establishes uniform policies and procedures for the award and administration of research grants to colleges, universities, not for profit organizations, and profit organizations for security research.

DATES: Please submit comments by August 28, 2006.

FOR FURTHER INFORMATION CONTACT: Carla Mauney on (202) 267-9895, or by e-mail at: Carla.Mauney@faa.gov.

SUPPLEMENTARY INFORMATION:

Federal Aviation Administration (FAA)

Title: FAA Research and Development Grants.

Type of Request: Revision of an approved collection.

OMB Control Number: 2120-0559.

Forms(s): FAA-9550-1-5, SF-5, SF-269, SF-270, SF-272, SF-LLI.

Affected Public: A total of 100 Respondents.

Frequency: The information is collected as semi-annually.

Estimated Average Burden per Response: Approximately 14 hours per response.

Estimated Annual Burden Hours: An estimated 1,400 hours annually.

Abstract: The FAA Aviation Research and Development Grants Program establishes uniform policies and procedures for the award and administration of research grants to colleges, universities, not for profit organizations, and profit organizations for security research. This program implements OMB Circular A-110, Pub. L. 101-508 Section 9205 and 9208 and Pub. L. 101-604, Section 107(d).

ADDRESSES: Send comments to the FAA at the following address: Ms. Carla Mauney, Room 1033, Federal Aviation Administration, Information Systems and Technology Services Staff, ABA-20, 800 Independence Ave., SW., Washington, DC 20591.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimates of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued in Washington, DC, on June 23, 2006.

Carla Mauney,

FAA Information Collection Clearance Officer, Information Systems and Technology Services Staff, ABA-20.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Intent To Request Revision From the Office of Management and Budget of a Currently Approved Information Collection Activity, Request for Comments; Laser Operations in the Navigable Airspace (Advisory Circular (AC), Outdoor Laser Operations)

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: The FAA invites public comments about our intention to request the Office of Management and Budget (OMB) to approve a current information collection. The FAA requires the information in the interest of aviation safety to protect aircraft operations from the potential hazardous effects of laser emissions.

DATES: Please submit comments by August 28, 2006.

FOR FURTHER INFORMATION CONTACT: Carla Mauney on (202) 267-9895, or by e-mail at: Carla.Mauney@faa.gov.

SUPPLEMENTARY INFORMATION:

Federal Aviation Administration (FAA)

Title: Laser Operations in the Navigable Airspace (Advisory Circular (AC), Outdoor Laser Operations)

Type of Request: Revision of an approved collection.

OMB Control Number: 2120-0662.

Forms(s): There are no FAA forms associated with this collection.

Affected Public: A total of 20 respondents.

Frequency: The information is collected as needed.

Estimated Average Burden per Response: Approximately 11 hours per response.

Estimated Annual Burden Hours: An estimated 2,200 hours annually.

Abstract: The FAA requires the information in the interest of aviation safety to protect aircraft operations from the potential hazardous effects of laser emissions. The information collected is reviewed for its impact on aviation in the vicinity of the laser activity. Upon
