

these species stress the need for a clarification of stock identity issues and determination of habitat needs and primary foraging areas. Project III also entails the salvage, import and export of marine turtle parts, specimens and biological samples.

In addition to import/export/re-export authorization for biological samples collected during the research activities, the Applicant requests authorization to import/export/re-export parts, salvaged specimens and biological samples or salvaged parts and specimens collected by other researchers under their own authorization.

782-1719 – National Marine Mammal Laboratory submitted a complete application on May 21, 2003 to take various cetacean species during stock assessment research activities. The application was published in the **Federal Register** on June 4, 2003 (68 FR 33477). The applicant has submitted a supplemental request to that application to take endangered marine mammals in the Antarctic.

Written comments or requests for a public hearing on these applications should be mailed to the Chief, Permits, Conservation and Education Division, F/PR1, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910. Those individuals requesting a hearing should set forth the specific reasons why a hearing on this particular request would be appropriate.

Comments may also be submitted by facsimile at (301)713-0376, provided the facsimile is confirmed by hard copy submitted by mail and postmarked no later than the closing date of the comment period. Please note that comments will not be accepted by e-mail or by other electronic media.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Documents for both applications may be reviewed in the following locations:

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301)713-2289; fax (301)713-0376; and

Assistant Regional Administrator for Protected Resources, Northwest Region, NMFS, 7600 Sand Point Way NE, BIN C15700, Bldg. 1, Seattle, WA 98115-0700; phone (206)526-6150; fax (206)526-6426;

Assistant Regional Administrator for Protected Resources, Alaska Region, NMFS, P.O. Box 21668, Juneau, AK

99802-1668; phone (907)586-7235; fax (907)586-7012;

Assistant Regional Administrator for Protected Resources, Southwest Region, NMFS, 501 West Ocean Blvd., Suite 4200, Long Beach, CA 90802-4213; phone (562)980-4020; fax (562)980-4027; and

Assistant Administrator, Pacific Islands Regional Office, NMFS, 1601 Kapiolani Blvd., Suite 1110, Honolulu, HI 96814-4700; phone (808)973-2935; fax (808)973-2941.

Dated: September 30, 2003.

Stephen L. Leathery,

Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 5001-05-P

DEPARTMENT OF DEFENSE

Department of the Army; Corps of Engineers

Extension of Scoping Period for the Draft Environmental Impact Statement/ Environmental Impact Report for a Proposed Marine Terminal Development at Pier S in the Port of Long Beach, Los Angeles County, CA

AGENCY: U.S. Army Corps of Engineers, Los Angeles District, DoD.

ACTION: Notice of intent—extension of scoping period.

SUMMARY: The U.S. Army Corps of Engineers (Corps) is considering the development of Pier S Marine Terminal Project (Proposed Action). The development of Pier S would result in a 160-acre marine container terminal, and would include four elements: dredging, wharf construction, and container cranes; container yard; terminal buildings and truck gates; and an intermodal rail yard.

The primary Federal concern is the dredging and discharging of materials within waters of the U.S. and potential impacts on the human environment. Under Section 404 of the Clean Water Act, the Corps is authorized to approve discharges of dredged or fill material into waters of the U.S. Under section 10 of the Rivers and Harbors Act, the Corps may authorize activities that could affect navigable waters. The Corps is preparing an Environmental Impact Statement (EIS) pursuant to the National Environmental Policy Act (NEPA) prior to deciding whether or not to authorize the Proposed Action. The Corps may ultimately make a determination to permit or deny the Proposed Action, or permit or deny alternatives to the Proposed Action.

Pursuant to the California Environmental Quality Act (CEQA), the Port will serve as Lead Agency for the preparation of an Environmental Impact Report (EIR) for its consideration of development approvals within its jurisdiction. The Corps and the Port have agreed to jointly prepare a Draft EIS/EIR in order to optimize efficiency and avoid duplication. The Draft EIS/EIR is intended to be sufficient in scope to address federal, state, and local requirements and environmental issues concerning the proposed activities and permit approvals.

Scoping Process and Availability of the Draft: The Corps previously published its NOI in the **Federal Register** on September 12th, 2003. For further information, please consult the original NOI publication.

The Corps and the Port will jointly conduct a scoping meeting for the proposed project. English and Spanish translation services will be provided at the meeting. The public scoping meeting will be held to receive public comment and assess public concerns regarding the appropriate scope of the Draft EIS/EIR. Participation in the public meeting by federal, state and local agencies and other interested organizations and persons are encouraged. Parties interested in being added to the Corps' electronic mail
