Monosodium Glutamate From the Republic of Indonesia: Final Results of Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On July 6, 2022, the U.S. Department of Commerce (Commerce) published its notice of initiation and preliminary results of a changed circumstances review (CCR) of the antidumping duty (AD) order on monosodium glutamate (MSG) from the Republic of Indonesia (Indonesia). For these final results, Commerce finds that PT. Daesang Ingredients Indonesia (PT. Daesang) is the successor-in-interest to PT. Miwon Indonesia (PT. Miwon) and should be assigned the same AD cash deposit rate for purposes of determining AD liability.

DATES: Applicable August 26, 2022.

FOR FURTHER INFORMATION CONTACT: Andrew Huston, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4261.

SUPPLEMENTARY INFORMATION:

Background

On March 10, 2022, PT. Daesang requested that Commerce conduct an expedited CCR to find that PT. Daesang

is the successor-in-interest to PT. Miwon.¹ On July 6, 2022, Commerce initiated a CCR and preliminarily determined that PT. Daesang is the successor-in-interest to PT. Miwon.² In the *Initiation and Preliminary Results*, we provided all interested parties with an opportunity to comment.³ We received no comments from any interested party.

Scope of the Order⁴

The merchandise covered by the *Order* is MSG, whether or not blended or in solution with other products. Specifically, MSG that has been blended or is in solution with other product(s) is included in the *Order* when the resulting mix contains 15 percent or more of MSG by dry weight. Products with which MSG may be blended include, but are not limited to, salts, sugars, starches, maltodextrins, and various seasonings. Further, MSG is included in the *Order* regardless of physical form (including, but not limited to, in monohydrate or anhydrous form, or as substrates, solutions, dry powders of any particle size, or unfinished forms such as MSG slurry), end-use application, or packaging.

MSG in monohydrate form has a molecular formula of C₅H₈NO₄Na·H₂O, a Chemical Abstract Service (CAS) registry number of 6106-04-3, and a Unique Ingredient Identifier (UNII) number of W81N5U6R6U. MSG in anhydrous form has a molecular formula of C₅H₈NO₄Na, a CAS registry number of 142-47-2, and a UNII number of C3C196L9FG.

Merchandise covered by the *Order* is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 2922.42.10.00. Merchandise covered by the *Order* may also enter under HTSUS subheadings 2922.42.50.00, 2103.90.72.00, 2103.90.74.00, 2103.90.78.00, 2103.90.80.00, and 2103.90.90.91. These tariff classifications, CAS registry numbers, and UNII numbers are

Final Results of Changed Circumstances Review

Because the record contains no information or evidence that calls into question the *Initiation and Preliminary Results*, and because we received no comments from interested parties to the contrary, for the reasons stated in the *Initiation and Preliminary Results*,⁵ Commerce finds that PT. Daesang is the successor-in-interest to PT. Miwon.

Instructions to U.S. Customs and Border Protection

As a result of these final results and consistent with established practice, we find that, as the successor-in-interest to PT. Miwon, entries of MSG from Indonesia produced and/or exported by PT. Daesang should be subject to the cash deposit rate previously assigned to PT. Miwon. Commerce will instruct U.S. Customs and Border Protection to suspend liquidation of all shipments of subject merchandise produced and/or exported by PT. Daesang and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at 1.60 percent, which is the current AD cash deposit rate in effect for subject merchandise produced and/or exported by PT. Miwon.⁶ This cash deposit rate shall remain in effect until further notice.

Administrative Protective Order

This notice serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(b)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR

351.216(e), 19 CFR 351.221(b), and 19 CFR 351.221(c)(3).

Dated: August 22, 2022.
