BILLING CODE 4140–01–M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Fiscal Year (FY) 2002 Funding Opportunities

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice of funding availability.

SUMMARY: The Substance Abuse and Mental Health Services Administration (SAMHSA) Center for Substance Abuse Treatment (CSAT) announces the

availability of FY 2002 funds for grants for the following activity. This notice is not a complete description of the activity; potential applicants must obtain a copy of the Guidance for Applicants (GFA), including Part I, Grants to Improve the Quality and Availability of Residential Treatment and Its Continuing Care Component for Adolescents (TI 02–007), and Part II, General Policies and Procedures Applicable to all SAMHSA Applications for Discretionary Grants and Cooperative Agreements, before preparing and submitting an application.

Activity	Application deadline	Est. funds FY 2002	Est. no. of awards	Project period years
Grants to Improve the Quality and Availability of Residential Treatment and its Continuing Care Component for Adolescents.	June 19, 2002 ..	\$8,000,000	16	3

The actual amount available for the award may vary, depending on unanticipated program requirements and the number and quality of applications received. FY 2002 funds for the activity discussed in this announcement were appropriated by the Congress under Public Law 106–310. SAMHSA's policies and procedures for peer review and Advisory Council review of grant and cooperative agreement applications were published in the **Federal Register** (Vol. 58, No. 126) on July 2, 1993.

General Instructions: Applicants must use application form PHS 5161–1 (Rev. 7/00). The application kit contains the two-part application materials (complete programmatic guidance and instructions for preparing and submitting applications), the PHS 5161–1 which includes Standard Form 424 (Face Page), and other documentation and forms. Application kits may be obtained from: National Clearinghouse for Alcohol and Drug Information (NCADI), P.O. Box 2345, Rockville, MD 20847–2345, Telephone: 1–800–729–6686.

The PHS 5161–1 application form and the full text of the activity are also available electronically via SAMHSA's World Wide Web Home Page: <http://www.samhsa.gov>

When requesting an application kit, the applicant must specify the particular activity for which detailed information is desired. All information necessary to apply, including where to submit applications and application deadline instructions, are included in the application kit.

Purpose: The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse

Treatment (CSAT) announces the availability of Fiscal Year 2002 funds for up to 16 grants to enhance and/or expand residential treatment services for youth (aged 21 and under) referred for treatment of a drug or alcohol problem.

Eligibility: Public and domestic private non-profit entities are eligible to apply, including units of State and local government, Native Alaskan entities, Indian tribes and tribal organizations, and community-based organizations, including faith based organizations.

All direct providers of substance abuse treatment services involved in the proposed project, including the applicant organization, if applicable, must have been providing treatment services for adolescents for a minimum of two years prior to the date of this application. If the applicant organization is not a direct provider of substance abuse treatment services, the applicant must document a commitment from one or more experienced, licensed substance abuse treatment providers to participate in the proposed project. All direct providers of substance abuse services involved in the proposed project, including the applicant organization, if applicable, must be in compliance with any and all applicable local, city, county and/or State requirements for licensing, accreditation, and certification.

Availability of Funds: Approximately \$8.0 million will be available for up to 16 awards. The average annual award is expected to range from \$400,000 to \$500,000 in total costs (direct and indirect). Annual continuation awards are subject to the continued availability of funds and progress achieved by the grantee.

Period of Support: Awards may be requested for up to 3 years.

Criteria for Review and Funding

General Review Criteria: Competing applications requesting funding under this activity will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures. Review criteria that will be used by the peer review groups are specified in the application guidance material.

Award Criteria for Scored Applications: Applications will be considered for funding on the basis of their overall technical merit as determined through the peer review group and the appropriate National Advisory Council review process. Availability of funds will also be an award criteria. Additional award criteria specific to the programmatic activity may be included in the application guidance materials.

Catalog of Federal Domestic Assistance Number: 93.243.

Program Contact: For questions concerning program issues, contact: Randolph D. Muck, M.Ed., CSAT/SAMHSA, Rockwall II, 7th Floor, 5600 Fishers Lane, Rockville, MD 20857, (301) 443–6574, E-Mail: rmuck@samhsa.gov.

For questions regarding grants management issues, contact: Steve Hudak, Division of Grants Management, OPS/SAMHSA, Rockwall II, 6th floor, 5600 Fishers Lane, Rockville, MD 20857, (301) 443–9666, E-Mail: shudak@samhsa.gov.

Public Health System Reporting Requirements: The Public Health System Impact Statement (PHSIS) is intended to keep State and local health

officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:
 - (1) A description of the population to be served.
 - (2) A summary of the services to be provided.
 - (3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements. Application guidance materials will specify if a particular FY 2002 activity is subject to the Public Health System Reporting Requirements.

PHS Non-use of Tobacco Policy Statement: The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Executive Order 12372: Applications submitted in response to the FY 2002 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC

of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review, Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Dated: April 18, 2002.

Richard Kopanda,

Executive Officer, Substance Abuse and Mental Health Services Administration.

BILLING CODE 4162-20-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability, Draft Restoration Plan and Environmental Assessment

AGENCY: Fish and Wildlife Service, Department of the Interior.

ACTION: Notice of Availability.

SUMMARY: The U.S. Fish and Wildlife Service (Service), on behalf of the Department of the Interior and the State of Rhode Island, announces the release for public review of the draft Restoration Plan and Environmental Assessment (RP/EA) for the Landfill and Resource Recovery, Inc Superfund Site. The RP/EA describes the trustees' proposal to restore natural resources injured as a result of the release of hazardous substances from the site.

DATES: Written comments must be submitted on or before May 30, 2002.

ADDRESSES: Requests for copies of the RP/EA may be made to the U.S. Fish and Wildlife Service, New England Field Office, 70 Commercial Street, Suite 300, Concord, New Hampshire 03301.

Written comments or materials regarding the RP/EA should be sent to the same address.

FOR FURTHER INFORMATION CONTACT: Molly B. Sperduto or Kenneth C. Carr, Environmental Contaminants Program, U.S. Fish and Wildlife Service, 70 Commercial Street, Suite 300, Concord, New Hampshire 03301.

Interested parties may also call 603-223-2541 for further information.

SUPPLEMENTARY INFORMATION: The Landfill and Resource Recovery, Inc. Superfund Site, located in North Smithfield, Rhode Island was an active landfill until 1986, when the landfill was closed and approximately three-fourths of the site was covered with a synthetic cap. Due to erosion and regrading associated with capping the landfill, approximately 1 acre of palustrine emergent and scrub-shrub wetland habitat was destroyed in perpetuity.

In 1997, the United States of America and the State of Rhode Island settled claims for natural resource damages associated with the Landfill and Resource Recovery, Inc. Superfund Site under the authority of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980. The settlement proceeds will be used to compensate for loss of natural resources under trusteeship of the Department of the Interior and the State of Rhode Island. The RP/EA is being released in accordance with CERCLA of 1980 as amended, commonly known as Superfund, (42 U.S.C. 9601 et seq.), the Natural Resource Damage Assessment Regulations found at 43 CFR, part 11, and the National Environmental Policy Act. It is intended to describe the trustees' proposals to restore natural resources injured at the site and evaluate the impacts of each.

The RP/EA describes a number of habitat restoration and protection alternatives and discusses the environmental consequences of each. Restoration efforts which have the greatest potential to restore wetlands and the services those wetlands provide to wetland-dependant wildlife are preferred. Based on an evaluation of the various restoration alternatives, the restoration of wetland habitat at the former Lonsdale Drive-In is proposed. This alternative maximizes the benefit to wetland-dependent wildlife, restoring over 20 acres of riparian habitat, including 7 acres of wetland.

Interested members of the public are invited to review and comment on the RP/EA. Copies of the RP/EA are available for review at the U.S. Fish and Wildlife Service's New England Field Office in Concord, New Hampshire (70 Commercial Street, Suite 300, Concord, New Hampshire). Additionally, the RP/EA will be available for review at the North Smithfield Municipal Annex Building. Written comments will be considered and addressed in the final RP/EA at the conclusion of the restoration planning process.
