SUPPLEMENTARY INFORMATION:

Title: Pecans Grown in Multiple States, Marketing Order No. 986.
OMB Number: 0581-0291.

Expiration Date of Approval: December 31, 2022

Type of Request: Extension and revision of a currently approved information collection.

Abstract: Marketing order programs provide an opportunity for producers of fresh fruits, vegetables, and specialty

crops, in a specified production area, to work together to solve marketing problems that cannot be solved individually. Marketing order regulations help ensure adequate supplies of high-quality product and adequate returns to producers. Marketing orders are authorized by the Agricultural Marketing Agreement Act of 1937 (Act), as amended (7 U.S.C. 601-674). The Secretary of Agriculture oversees these operations and issues regulations recommended by a committee of representatives from the respective commodity industry.

The purpose of this notice is to solicit public comments on the 14 forms in this OMB package which are described below. Two ballot forms for committee nominations (SC-307 and SC-308), two grower and sheller nomination forms (SC-309 and SC-310) as well as two background and acceptance statements forms for growers and shellers and public members (SC-8 and SC-9) and a grower referendum ballot (SC-313). Two Marketing Agreements (SC-242 and SC-242A) are also included. In addition, this package includes five reporting forms the American Pecan Council uses to track shipments and inventory. The Summary Report/U.S. Pecans Received for Your Account (Form 1); Pecans Purchased Outside of the United States (Form 2); Exports by Country of Destination (Form 3); Annual Agreement of Inter-Handler Transfer (Form 4); and Year-End Inventory Report (Form 5). The number of producers has changed from 2,500 to 4,380 since the last renewal. Now that the marketing order has been in place for a few years, the industry has a better understanding of the actual numbers of producers in the industry.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 0.3 hours per response (rounded).

Respondents: Pecan producers, handlers, shellers and public members.

Estimated Number of Respondents: 4,512.

Estimated Total Annual of Responses: 5,225.

Estimated Number of Responses per Respondent: 1.2 (rounded).

Estimated Total Annual Burden on Respondents: 1,587 (rounded).

Comments are invited on: (1) Whether the proposed collection of the information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;

(3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Erin Morris,

Associate Administrator, Agricultural Marketing Service.

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by December 19, 2022 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to

the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food and Nutrition Service

Title: Supplemental Nutrition Assistance Program Employment and Training Program Performance Measurement, Monitoring and Reporting Requirements.

OMB Control Number: 0584–0614.

Summary of Collection: This is an extension, without change, of a currently approved collection. In accordance with Section 16(h)(5) of the Food and Nutrition Act (FNA), as amended by section 4022 of the Agriculture Act of 2014, and 7 CFR 273.7(c)(17) the Department requires that State agencies report outcome data for the Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E&T) programs. In order for FNS to monitor the effectiveness of E&T programs State agencies are required to report outcome data on five separate reporting measures: (1) the number and percentage of E&T participants who retain employment 2 quarters and 4 quarters after completing E&T; (2) the median wages for participants with earnings 2 quarters after completion of E&T; (3) the number and percentage of participants that completed a training, education, work experience or on-the-job training component; (4) certain unique characteristics of SNAP E&T participants; and (5) additional reporting requirements for State agencies that pledge to serve all at-risk Able-bodied Adults without Dependents (ABAWDs). State agencies are also required to identify appropriate reporting measures for each proposed component that serves a threshold number of participants of at least 100 a year. State agencies identify the reporting measures for these components in State agencies' E&T plans and report the outcome data to the Food and Nutrition Service (FNS) through State agencies' annual reports. State agencies are required to report outcome data annually.

Need and Use of the Information: With this information, FNS is able to identify more, and less, successful E&T practices and provide technical assistance to State agencies to improve their E&T programs.

Description of Respondents: State, Local, or Tribal Governments.

Number of Respondents: 53.

Frequency of Responses: Reporting; annually.

Total Burden Hours: 9,459.

Farm Service Agency

Title: Emergency Relief Program (ERP) Phase 1.

OMB Control Number: 0560–0309.

Summary of Collection: The Extending Government Funding and Delivering Emergency Assistance Act,

(Division B, Title I, Pub. L. 117–43) provided \$10,000,000,000 for necessary expenses related to losses of crops (including milk, on-farm stored commodities, crops prevented from planting in 2020 and 2021, and harvested adulterated wine grapes), trees, bushes, and vines, as a consequence of droughts, wildfires, hurricanes, floods, derechos, excessive heat, winter storms, freeze, including a polar vortex, smoke exposure, quality losses of crops, and excessive moisture occurring in calendar years 2020 and 2021. USDA has directed FSA to use part of this funding to provide assistance to producers of eligible crop, tree, bush, and vine losses through ERP.

ERP Phase 1 will use a streamlined application process for losses for which data is already on file with FSA and RMA. Producers will certify on the application that the loss was due, in whole or in part, to a qualifying disaster event and indicate that they agree to obtain crop insurance or NAP coverage for the next two available crop years, which is a statutory requirement for payment eligibility.

Need and Use of the Information: The information submitted by respondents will be used by FSA to determine eligibility and issue payments to eligible applicants under ERP.

Applicants complete the following forms to apply for ERP payments:

FSA–520, Emergency Relief Program (ERP) Phase 1 Application;

AD–2047, Customer Data Worksheet;

CCC–901, Member Information for Legal Entities;

CCC–902, Farm Operating Plan;

AD–1026 Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification PRA for any FSA programs but is included in the burden hours for information;

Form CCC–860, Socially Disadvantaged, Limited Resource, Beginning and Veteran Farmer or Rancher Certification; and

Form FSA–510, Request for an Exception to the \$125,000 Payment Limitation for Certain Programs.

Failure to solicit applications will result in failure to provide payments to eligible applicants as intended by the Extending Government Funding and Delivering Emergency Assistance Act.

Description of Respondents: Farms.

Number of Respondents: 305,000.

Frequency of Responses: Reporting; On Occasion.

Total Burden Hours: 92,310.
