In that Order the Commission modified its rules to reform the interstate access charge and universal service support system for incumbent local exchange carriers subject to rate-of-return regulation (non-price cap or rate-of-return carriers). The Commission's actions were based on pending Commission proposals that build on interstate access charge reforms previously implemented for price cap carriers, the record developed in the above-stated proceedings, and consideration of the Multi-Association Group (MAG) plan. A summary of the Order was published in the **Federal Register**. See 66 FR 59719, November

30, 2001. In that summary, the Commission stated that the modified rules would become effective 30 days after publication in the **Federal Register** except for §§ 54.307(b), 54.307(c), 54.315(a), 54.315(f)(1) through 54.315(f)(4), 54.902(a), 54.902(b), 54.902(c), 54.903(a)(1) through 54.903(a)(4), 54.904(a), 54.904(b), and 54.904(d) which contain information collection requirements that have not been approved by OMB and that the Commission will publish a document in the **Federal Register** announcing the effective date of those sections. On December 14, 2001, OMB approved the information collections. See OMB No. 3060–0972. The rule amendments adopted by the Commission in the Order took effect 30 days after publication of the Order in the **Federal Register**, which was December 31, 2001. The OMB approval of the information collection requirements was announced in the **Federal Register** on January 8, 2002. Therefore, the effective date of the information collection requirements and the rules became effective January 8, 2002.

Multi-Association Group (MAG) Plan for Regulation of Non-Price Cap Incumbent Local Exchange Carriers and Interexchange Carriers; Federal-State Joint Board on Universal Service

AGENCY: Federal Communications Commission.

ACTION: Final rule; partial waiver and amendment.

SUMMARY: In this document, the Commission modifies on its own motion the data collection and filing procedures

for implementation of the Interstate Common Line Support (ICLS) mechanism for incumbent local exchange carriers in order to ensure timely implementation of the ICLS mechanism on July 1, 2002 as adopted in the Multi-Association Group (MAG) *MAG Order* and to reduce administrative burdens on rate-of-return carriers.

DATES: Effective April 2, 2002.

FOR FURTHER INFORMATION CONTACT: William Scher, Attorney, Common Carrier Bureau, Accounting Policy Division, (202) 418–7400.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's First Order on Reconsideration in CC Docket No. 00–256 and Fourth Order on Reconsideration in CC Docket No. 96–45 released on March 22, 2002. The full text of this document is available for public inspection during regular business hours in the FCC Reference Center, Room CY–A257, 445 Twelfth Street, SW., Washington, DC 20554 and at http://www.fcc.gov/wcb/universal_service/welcome.html.

I. Introduction

1. In this Order, we modify on our own motion the data collection and filing procedures for implementation of the Interstate Common Line Support (ICLS) mechanism, in order to ensure timely implementation of the ICLS mechanism on July 1, 2002 as adopted in the *MAG Order*, 66 FR 59719, November 30, 2001. First, we extend until April 18, 2002 the original March 31, 2002, deadline set forth in § 54.903(a) for the submission of projected data and line counts to the Universal Service Administrative Company (USAC). Second, we waive the requirement under § 54.903(a) that each carrier file its data with USAC in order to permit the National Exchange Carrier Bureau Association (NECA) to file the data for each member of the common line pool for the purpose of this initial ICLS filing deadline. Finally, we specify the data to be submitted for this initial ICLS filing under § 54.903(a). We conclude that these actions are appropriate to ensure timely implementation of the ICLS mechanism, accuracy of support, and compliance with the new filing requirements, and shall apply only to the initial ICLS filing deadline.

II. Discussion

2. In this Order we modify, on our own motion, the initial ICLS data collection and filing procedures to ensure timely implementation of the ICLS mechanism on July 1, 2002. We
