Instructions: Direct your comments to Docket ID No. EPA-HQ-OW-2007-1126. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your

comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

I. General Information

Additional Comment Information: Comments may also be submitted electronically. Comments should be sent to the following Internet address: OW-Hypoxia@epa.gov.

II. Background

In January 2001, pursuant to section 604(b) of Public Law 105-383, the Harmful Algal Bloom and Hypoxia Research and Control Act of 1998, Title VI, enacted on November 13, 1998, the Task Force published its first Action Plan, *2001 Plan of Action for Reducing, Mitigating, and Controlling Hypoxia in the Northern Gulf of Mexico*. The Task Force has updated this initial plan through a multiple-step reassessment which is reflected in the current draft *2008 Action Plan* and will culminate in the *2008 Action Plan*. The draft *2008 Action Plan* reflects the Task Force's efforts over the past six years to track progress, update the science, and adapt the actions to improve the effectiveness of the efforts throughout the Mississippi River Basin. Building on the *2001 Action Plan*, the plan lays out specific steps that need to be accomplished to reach the goals. It also reiterates the long-term goals and continues the Task Force's commitment to a voluntary and adaptive management approach to improve water quality in the Mississippi River Basin and reduce the size of the hypoxic zone in the northern Gulf of Mexico. This adaptive management approach involves continual feedback between the interpretation of new information and improved management actions and is the key to targeting actions within watersheds where they will be most effective.

Information about the Task Force and its reassessment can be found at the following Web site: <http://www.epa.gov/msbasin/>.

The draft *2008 Action Plan* can be viewed and downloaded by navigating to the following Web site: <http://www.epa.gov/msbasin/>.
