BILLING CODE 4910-81-P

DEPARTMENT OF TRANSPORTATION

Maritime Administration

[Docket No. MARAD-2011-0054]

Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel CONDESA.

SUMMARY: As authorized by 46 U.S.C. 12121, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket MARAD-2011-0054 at <http://www.regulations.gov>.

Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR part 388 (68 FR 23084, April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR part 388.

DATES: Submit comments on or before June 23, 2011.

ADDRESSES: Comments should refer to docket number MARAD-2011-0054. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590. You may also send comments electronically via the Internet at <http://www.regulations.gov>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at <http://www.regulations.gov>.

SUPPLEMENTARY INFORMATION: As described by the applicant the intended service of the vessel CONDESA is:

Intended Commercial Use of Vessel: "sailing charters."

Geographic Region: "California, Oregon, Washington."

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[U.S. DOT Docket No. NHTSA-2011-0018]

Reports, Forms, and Recordkeeping Requirements Agency Information Collection Activity Under OMB Review

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation, (DOT).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and the expected burden. The **Federal Register** Notice with a 60-day comment period was published on February 11, 2011 (76 FR 7897-7898).

DATES: Comments must be submitted on or before June 23, 2011.

FOR FURTHER INFORMATION CONTACT: Ms. Laurie Flaherty, Program Analyst, Office of Emergency Medical Services, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., NTI-140, W44-322, Washington, DC 20590, (202) 366-2705 or via e-mail at laurie.flaherty@dot.gov.

SUPPLEMENTARY INFORMATION:

National Highway Traffic Safety Administration

Title: National 9-1-1 Profile Database as part of the National 9-1-1 Program.

OMB Number: 2127 New.

Type of Request: New information collection Requirement.

Abstract: NHTSA is proposing to collect and aggregate information from state level reporting entities that can be used to measure the progress of 9-1-1 authorities across the country in enhancing their existing operations and migrating to more advanced—Internet-Protocol-enabled emergency networks. The data will be maintained in a "National 9-1-1 Profile Database." One of the objectives of the National 9-1-1 Program is to develop, collect, and disseminate information concerning practices, procedures, and technology used in the implementation of E9-1-1 services and to support 9-1-1 Public Safety Answering Points (PSAPs) and related state and local public safety agencies for 9-1-1 deployment and operations. The National 9-1-1 profile database can be used to follow the progress of 9-1-1 authorities in enhancing their existing systems and implementing next-generation networks for more advanced systems.

The goal of the data collection process is to support a national 9-1-1 profile that will be used to help accurately measure and depict the current status and planned capabilities of 9-1-1 systems across the United States. Evaluations, based upon the data collected, will help draw attention to key roadblocks and solutions in the

deployment process and to target possible future activities and resources consistent with the goals of the program. The information in aggregated form will be available to state and local stakeholders in the public safety community.

Affected Public: Under this proposed effort, NHTSA would specifically request reporting entities to voluntarily collect and annually report the data described above utilizing the described web-based data collection tool. Reporting entities are state level 9-1-1 program officials, and the data reported will reflect state-level aggregated data. Where a state statute has not established a state-level 9-1-1 program, the authorized entity is the state E9-1-1 Coordinator designated under 47 U.S.C. 942(b)(3)(A)(ii).

The total number of respondents is identified at fifty-six (56), including the fifty states and the six U.S. Territories of Guam, U.S. Minor Outlying Islands, American Samoa, Mariana Islands, U.S. Virgin Islands, and Puerto Rico.

Estimated Total Annual Burden: NHTSA estimates that the time required to annually report the data described utilizing the web-based tool will be three hours (2 hours of preparation, 1 hour of entry to Web site) per reporting entity, for a total of 168 hours for all entities.

The respondents would not incur any reporting costs from the information collection beyond the time it takes to gather the information, prepare it for reporting and then populate the web-based data collection tool. The respondents also would not incur any recordkeeping burden or recordkeeping costs from the information collection.

Send comments within 30 days, to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725-17th Street, NW., Washington, DC 20503, Attention: NHTSA Desk Officer.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. A comment to OMB is most effective if
