14 CFR Part 97

[Docket No. 31385; Amdt. No. 3970]

Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This rule amends, suspends, or removes Standard Instrument Approach Procedures (SIAPs) and associated Takeoff Minimums and Obstacle Departure Procedures for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, adding new obstacles, or changing air traffic requirements. These changes are designed to provide for the safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective August 20, 2021. The compliance date for each SIAP, associated Takeoff Minimums,

and ODP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of August 20, 2021.

ADDRESSES: Availability of matter incorporated by reference in the amendment is as follows:

For Examination

1. U.S. Department of Transportation, Docket Ops-M30, 1200 New Jersey Avenue SE, West Bldg., Ground Floor, Washington, DC 20590–0001;

2. The FAA Air Traffic Organization Service Area in which the affected airport is located;

3. The office of Aeronautical Information Services, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or,

4. The National Archives and Records Administration (NARA).

For information on the availability of this material at NARA, email fr.inspection@nara.gov or go to: <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

Availability

All SIAPs and Takeoff Minimums and ODPs are available online free of charge. Visit the National Flight Data Center online at nfdc.faa.gov to register. Additionally, individual SIAP and Takeoff Minimums and ODP copies may be obtained from the FAA Air Traffic Organization Service Area in which the affected airport is located.

Mailing Address: FAA Mike Monroney Aeronautical Center, Flight Procedures and Airspace Group, 6500 South MacArthur Blvd., Registry Bldg. 29, Room 104, Oklahoma City, OK 73169. Telephone: (405) 954–4164.

SUPPLEMENTARY INFORMATION: This rule amends 14 CFR part 97 by amending the referenced SIAPs. The complete regulatory description of each SIAP is listed on the appropriate FAA Form 8260, as modified by the National Flight Data Center (NFDC)/Permanent Notice to Airmen (P–NOTAM), and is incorporated by reference under 5 U.S.C. 552(a), 1 CFR part 51, and 14 CFR 97.20. The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further,

airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained on FAA form documents is unnecessary. This amendment provides the affected CFR sections, and specifies the SIAPs and Takeoff Minimums and ODPs with their applicable effective dates. This amendment also identifies the airport and its location, the procedure and the amendment number.

Availability and Summary of Material Incorporated by Reference

The material incorporated by reference is publicly available as listed in the **ADDRESSES** section.

The material incorporated by reference describes SIAPs, Takeoff Minimums and ODPs as identified in the amendatory language for part 97 of this final rule.

The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP and Takeoff Minimums and ODP as amended in the transmittal. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained for each SIAP and Takeoff Minimums and ODP as modified by FDC permanent NOTAMs.

The SIAPs and Takeoff Minimums and ODPs, as modified by FDC permanent NOTAM, and contained in this amendment are based on criteria contained in the U.S. Standard for

Terminal Instrument Procedures (TERPS). In developing these changes to SIAPs and Takeoff Minimums and ODPs, the TERPS criteria were applied only to specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a FDC NOTAM as an emergency action of immediate flight safety relating directly to published aeronautical charts.

The circumstances that created the need for these SIAP and Takeoff Minimums and ODP amendments require making them effective in less than 30 days.

Because of the close and immediate relationship between these SIAPs, Takeoff Minimums and ODPs, and safety in air commerce, I find that notice and public procedure under 5 U.S.C. 553(b) are impracticable and contrary to the public interest and, where applicable, under 5 U.S.C. 553(d), good cause exists for making these SIAPs effective in less than 30 days.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities

under the criteria of the Regulatory Flexibility Act.

BILLING CODE 4910-13-P

DEPARTMENT OF LABOR

Office of Workers' Compensation Programs

20 CFR Part 30

RIN 1240-AA08

Claims for Compensation Under the Energy Employees Occupational Illness Compensation Program Act

AGENCY: Office of Workers' Compensation Programs, Department of Labor.

ACTION: Final rule; correction.

SUMMARY: On February 8, 2019, the Department of Labor (Department) published in the **Federal Register** a final rule that revised its regulations governing its responsibilities under the Energy Employees Occupational Illness Compensation Program Act of 2000, as amended (EEOICPA). However, the final rule as published inadvertently omitted amendatory instructions to retain two subordinate paragraphs. This document corrects the error.

DATES: This correction is effective August 20, 2021, and is applicable beginning April 9, 2019.

FOR FURTHER INFORMATION CONTACT: Rachel D. Pond, Director, Division of Energy Employees Occupational Illness Compensation, Office of Workers' Compensation Programs, U.S. Department of Labor, Room C-3321, 200

Constitution Avenue NW, Washington, DC 20210. Telephone: 202-693-0081 (this is not a toll-free number).

SUPPLEMENTARY INFORMATION: The Department's February 8, 2019, final rule that revised its regulations governing its responsibilities under the Energy Employees Occupational Illness Compensation Program Act of 2000, as amended (EEOICPA), 42 U.S.C. 7384 *et seq.* However, the final rule as published inadvertently omitted amendatory instructions to retain the two subordinate paragraphs to 20 CFR 30.210(a)(1), *i.e.*, 20 CFR 30.210(a)(1)(i) and (ii). This document provides the omitted amendatory instructions to ensure that § 30.210(a)(1)(i) and (ii) are contained in the final rule as intended by the Department, and notifies the public of how corrected § 30.210(a)(1) now reads.

In the February 8, 2019, final rule, amendatory instruction 17 amended § 30.210 by revising paragraph (a)(1); however, amendatory instruction 17 did not specify that only the introductory text of paragraph (a)(1) required revision, and that the two subordinate paragraphs to § 30.210(a)(1), *i.e.*, 20 CFR 30.210(a)(1)(i) and (ii), were to remain in the final rule. Amendatory instruction 17 should have revised only the introductory text of paragraph (a)(1).

This correcting amendment is in keeping with the Department's clearly expressed intent in the preamble of the final rule to update a cross-reference in § 30.210(a)(1), and not to make any other change in § 30.210(a)(1). The omission of § 30.210(a)(1)(i) and (ii) in the final rule had no substantive effect

because those subordinate paragraphs are explicit requirements in section 7384l(9)(A) of EEOICPA, and therefore cannot be ignored in the adjudication of claims under EEOICPA.

Therefore, the Department amends 20 CFR part 30 by making the following correcting amendment:

- 2. Amend § 30.210 by revising paragraph (a)(1) to read as follows:

§ 30.210 What are the criteria for eligibility for benefits relating to radiogenic cancer?

(a) To establish eligibility for benefits for radiogenic cancer under Part B of EEOICPA, an employee or his or her survivor must show that:

(1) The employee has been diagnosed with one of the forms of cancer specified in § 30.5(gg); and
