

broadcast channels, including a point system to select among mutually exclusive applicants on reserved channels and filing windows for new and major changes to NCE stations. 47 CFR 73.202 provides that entities eligible to operate an NCE broadcast station can request that a non-reserved FM channel be allotted as reserved only for NCE broadcasting. This request must include a demonstration as specified in (a)(1)(i) and (ii) of this rule section. 47 CFR 73.3527 requires that documentation of any points claimed in an application for a NCE broadcast station in the reserved band must be kept in the public inspection file. 47 CFR 73.3572 requires an applicant for a NCE broadcast station on a reserved channel to submit supporting documentation of the points claimed on the application form. The FCC staff use this documentation to determine whether there is a greater need for a noncommercial channel versus a commercial channel and to perform random audits of the application point certifications. This supporting documentation also enables competing applicants to verify and/or dispute other applicants' claims.
