Background

We are implementing a nationwide program to enhance the safety and

security of our employees who are victims, or potential victims, of domestic violence. In order to safeguard their anonymity we will not disclose their work location and/or phone number to individuals who pose a threat to their personal safety. This final rule will strengthen our privacy and disclosure rules to better safeguard at-risk employees by amending 20 CFR Part 401, Appendix A (c)(4) to remove the sentence, “Location of duty station, including room number and telephone number.” We are also revising 20 CFR 402.45 to add a new paragraph (e) describing the rules governing the release of personally identifiable information. The changes in our rule will allow us to implement the Identity Protection Program (IPP). The IPP enhances the safety and security of our employees who reasonably believe that they are at risk of injury or other harm if certain employment information about them is disclosed. As it is a national program, the IPP ensures uniform application of the policy for at-risk employees.
