**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Workforce Investment Act of 1998 (WIA) requires states to submit either a “standalone” strategic plan for title I of the Workforce Investment Act of 1998 and the Wagner-Peyser Act (WIA Section 112) or a Unified Plan with partner programs (WIA Section 501). The State may also submit requests for waivers and work-flex as parts of the Strategic State Plan. These State Plan requirements are titled “State Integrated Workforce Plan Requirements for Workforce Investment Act/Wagner-Peyser Act and Department of Labor Workforce Programs,” and “Planning Guidance for State Unified Plans and Unified Plan Modifications Submitted under Section 501 of the Workforce Investment Act (WIA).” The Planning Guidance and Instructions provide a framework for the collaboration of governors, local elected officials, businesses and other partners to continue the development of workforce investment systems that address customer needs, deliver integrated user-friendly services, and are accountable to the customers and the public.

Sections 102 and 103 of the Workforce Innovation and Opportunity Act (WIOA), (H.R. 803, July 22, 2014) include similar provisions for States to submit State Plans. Many of WIOA’s provisions take effect on July 1, 2015, but the existing WIA state and local plan provisions remain in effect until July 1, 2016. The Employment and Training Administration (ETA) is conducting a review of WIOA’s implementation timeline and State Plan provisions, and may amend this information collection as part of its implementation actions.

This information collection is submitted under the legal requirements of WIA, the law in effect at this time.

**II. Review Focus**

The Department is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
