

CCMA than EPA and BLM previously thought. Based on preliminary EPA results, use restrictions in CCMA may be needed to reduce risk to the public from asbestos exposure, particularly during the dry season.

Closure Order

Pursuant to 43 CFR 8364.1, notice is hereby given that the BLM is seasonally restricting access to portions of public lands within the Clear Creek Management Area (CCMA) located in the southern portion of San Benito County and western Fresno County, California. Public access, including motorized and non-motorized recreation use is restricted on public lands within the Serpentine ACEC from June 1, 2006 through October 15, 2006. Limited non-motorized use will be allowed adjacent to the routes identified in this Closure Order. These lands are located in the Mount Diablo Meridian in portions of T. 17 S., R. 11 E.; T. 17 S., R. 12 E.; T. 18 S., R. 11 E.; T. 18 S., R. 12 E.; T. 18 S., R. 13 E.; T. 19 S., R. 13 E.

This seasonal closure is necessary to ensure visitor safety and protect public land users from potential health risks associated with naturally occurring asbestos found within the restricted area. Dry soil conditions and high dust generating potential from public use activities during this time period create the greatest hazard and risk associated with exposure to asbestos.

Except for travel on San Benito County roads and the following route segments: R011 to Wright Mountain Gate, R016, T153 from the junction of R011 to San Carlos Peak, and R02 to the junction of T107, all public access and motorized vehicle travel within the Serpentine ACEC will be allowed only by written authorization of the Hollister Field Manager. The following persons are exempt from the identified restrictions:

- (1) Federal, State, or local law enforcement officers, while engaged in the execution of their official duties.
- (2) BLM personnel or their representatives while engaged in the execution of their official duties.
- (3) Any member of an organized rescue, fire-fighting force, or emergency medical services organization while in the performance of their official duties.
- (4) Any member of a Federal, state, or local public works department while in the performance of an official duty.
- (5) Any person in receipt of a written authorization of exemption obtained from the authorized officer from the Hollister Field Office.
- (6) Private landowners with in-holdings within the restricted area who have a responsibility or need to access

their property, and persons with valid existing rights-of-way, mining claims, or lease operations, or representatives thereof.

During the closure period, the area will be clearly posted. Closure signs will be posted at main entry points to all locations affected by this Notice. Maps of the area will be posted with this notice at key locations that provide access into the closure areas, and may be obtained with further information at the Hollister Field Office, 20 Hamilton Court, Hollister, California 95023.

Seasonal closure orders may be implemented as provided in 43 CFR, subpart 8364.1. Violations of this closure are punishable by a fine not to exceed \$1,000 and/or imprisonment not to exceed 12 months.

Dated: April 21, 2006.

Rick Cooper,

Hollister Field Office Manager.
