

EOIR–58 is simply an optional form provided by OCAHO to guide potential complainants and their representatives to provide the information necessary to satisfy the requirements of 28 CFR 68.7.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* It is estimated that 38 respondents will complete the form

annually with an average of 1 hour per response.

6. *An estimate of the total annual burden (in hours) associated with the collection:* The total annual burden hours for this collection is 38 hours.

TOTAL BURDEN HOURS

| Activity | Number of respondents | Frequency (annually) | Total annual responses | Time per response | Total annual burden (hours) |
|---------------|-----------------------|----------------------|------------------------|-------------------|-----------------------------|
| EOIR–58 | 38 | 1 | 38 | 60 | 38 |

7. *An estimate of the total annual cost burden associated with the collection, if applicable:* The total maximum estimated cost burden to the public associated with this collection is \$3,715.26. While respondents may submit the Form EOIR–58 to OCAHO via email, which would result in no filing fee, printing, or mailing costs to the respondent, most filed Forms EOIR–58 are submitted to OCAHO by United States mail. The average Form EOIR–58 submission consists of 150 pages (five copies of the application and supporting evidence including the IER complaint and IER letter informing the individual that they may file Form EOIR–58 with OCAHO) at an estimated average printing cost of ten cents per page, for a total print cost of \$15.00 per response. The current Priority Mail postage cost to mail one complete Form EOIR–58 package is estimated at \$10.10. There are no filing fees for EOIR–58. There are no labor costs for unrepresented (pro se) individuals because the form may be completed solely by the individual. However, if an individual chooses to obtain representation to complete and file the Form EOIR–58, the cost to the individual will include the average hourly wage for attorneys based on the U.S. Bureau of Labor Statistics average estimate of \$72.67 per hour for every hour the attorney spends completing the form. Therefore, the maximum total estimated cost burden to the public is \$3,715.26 $((\$15.00 + \$10.10 + \$72.67) \times 38 \text{ responses})$. EOIR OCAHO continues to work towards implementing full electronic processing with the anticipated implementation of its electronic filing system, which would eliminate the copying and postage costs for filing this form. Until the OCAHO electronic filing system is fully implemented, the affected public may avoid these costs by submitting the Form EOIR–58 via email.

SUPPLEMENTARY INFORMATION:

I. Background

The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This

program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

This ICR seeks approval under the PRA for an extension of an existing collection Notice of Termination, Suspension, Reduction or Increase in Benefit Payments (CM-908). The Office of Workers' Compensation Programs (OWCP) administers the Black Lung Benefits Act (BLBA), 30 U.S.C. 901 *et seq.* Coal mine operators, their representatives, or their insurers who have been identified as responsible for paying Black Lung benefits to an eligible miner or an eligible surviving dependent of the miner are called Responsible Operators (ROs). ROs that pay benefits are required to report any change in the benefit amount to the Department of Labor (DOL). The CM-908, when completed and sent to DOL, notifies DOL of the change in the beneficiary's benefit amount and the reason for the change. The BLBA and 20 CFR 725.621 necessitate this information collection.

II. Desired Focus of Comments

OWCP is soliciting comments concerning the proposed information collection related to the Notice of Termination, Suspension, Reduction, or Increase in Benefit Payment. OWCP is particularly interested in comments that:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information has practical utility;
- Evaluate the accuracy of OWCP's estimate of the burden related to the information collection, including the validity of the methodology and assumptions used in the estimate;
- Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the information collection on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Documents related to this information collection request are available at <https://regulations.gov> and at DOL-OWCP located at 200 Constitution Avenue NW, Room C-3520 Washington, DC 20210. Questions about the information collection requirements may be directed to the person listed in
