submitting this information makes it public. You may wish to read the Privacy Act notice that is available via the link in the footer of www.regulations.gov.

FOR FURTHER INFORMATION CONTACT:

Mary Chang, Insurance Examiner, FEMA, (202) 212–4701. You may contact the Records Management Division for copies of the proposed collection of information at facsimile number (202) 212–4701 or email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION:

Communities participating in the National Flood Insurance Program (NFIP) are required to adopt a floodplain management ordinance that meets or exceeds the minimum floodplain management requirements of the NFIP. In accordance with FEMA's minimum floodplain management criteria, communities must require that all new construction and substantial improvement of residential structures and non-residential structures have the lowest floor (including basement) elevated to above the base flood elevation, unless, for residential structures, the community is granted an exception by FEMA for the allowance of basements under 44 CFR 60.6(b) or (c). 44 CFR 60.3(c)(2) and (3)(i). New construction and substantial improvement of non-residential structures can also be floodproofed so that together with attendant utility and sanitary facilities are designed so that below the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability to resist hydrostatic and hydrodynamic loads and effects of buoyancy. 44 CFR 60.3(c)(3)(ii). The Elevation Certificate and Floodproofing Certificate is one convenient way for a community to document building compliance. Title 44 CFR 61.7 and 61.8 require proper investigation to estimate the risk premium rates necessary to provide flood insurance.

Collection of Information

Title: Elevation Certificate/Floodproofing Certificate.

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660–0008. FEMA Forms: FEMA Form 086–0–33, Elevation Certificate and FEMA Form 086–0–34, Flood proofing Certificate.

Abstract: The Elevation Certificate and Flood proofing Certificate and used in conjunction with the flood insurance application to rate Post-FIRM building in Special Flood Hazard Areas. Post-FIRM buildings are buildings constructed after the publication of the initial Flood Insurance Rate Map (FIRM) for the community. The Elevation Certificate and Flood proofing Certificate is also a convenient way for a NFIP participating community to document building compliance with FEMA's minimum floodplain management criteria.

Affected Public: Individuals or households; Business or other for-profit; Not-for-profit institutions; Farms, State, Local or Tribal government.

 $Number\ of\ Respondents: 9{,}322.$

Number of Responses: 9,322.

Estimated Total Annual Burden Hours: 34.950.

Estimated Cost: The estimated annual cost to respondents operations and maintenance costs for technical services is \$3,262,700. There are no annual startup or capital costs.

Comments

Comments may be submitted as indicated in the ADDRESSES caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used: (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Dated: May 15, 2015.

Janice P. Waller,

Acting Director, Records Management Division, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

Notice of Public Meetings, Twin Falls District Resource Advisory Council, Idaho

AGENCY: Bureau of Land Management,

Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Land Policy and Management Act (FLPMA), the Federal Advisory Committee Act of 1972 (FACA), the U.S. Department of the Interior, Bureau of Land Management (BLM) Twin Falls District Resource Advisory Council (RAC) will meet as indicated below.

DATES: The Twin Falls District RAC will participate in a field tour of the Raft River Geothermal project and the Burley Sage-Grouse Landscape Habitat Restoration project. The tour will take place June 18, 2015. RAC members will meet at the Burley BLM Field Office, 15 East 200 South, Burley, Idaho 83318 for a short meeting prior to departing for the Malta area. The public comment period will take place from 9:10 a.m. to 9:40 a.m.

FOR FURTHER INFORMATION CONTACT:

Heather Tiel-Nelson, Twin Falls District, Idaho, 2536 Kimberly Road, Twin Falls, Idaho 83301, (208) 736– 2352

SUPPLEMENTARY INFORMATION: The 15-member RAC advises the Secretary of the Interior, through the Bureau of Land Management, on a variety of planning and management issues associated with public land management in Idaho. The purpose of the June 18th field tour is to learn about the proposed geothermal development in the Raft River valley and to view the success of the Burley Landscape Sage-Grouse Habitat Restoration project. Additional topics may be added and will be included in local media announcements.

More information is available at www.blm.gov/id/st/en/res/resource_ advisory.3.html. RAC meetings are open to the public.

Authority: 43 CFR 1784.4-1.

Michael C. Courtney,

 $BLM\ Twin\ Falls\ District\ Manager.$ [FR Doc. 2015–12649 Filed 5–22–15; 8:45 am]
