DEPARTMENT OF LABOR

Generic Solicitation for Grant Applications

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collection of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. SUPPLEMENTARY INFORMATION:

I. Background

The Department is requesting approval for a generic Solicitation for

Grant Application (SGA) form for information collection requirements for SGAs that extend beyond what is collected on currently approved standard forms. OMB approval of this generic SGA form will assist the Department to carry out its responsibilities under the Paperwork Reduction Act by accurately accounting for the public burden associated with grant applications through the promotion of a common structure for reporting the information collection requirements contained in DOL's SGAs.

Periodically, the Department of Labor (DOL or the Department) solicits applications for grants through issuing a "Solicitation for Grant Applications" or "SGA." To ensure that grants are awarded to the applicant best suited to perform the functions of the grant, applicants are generally required to submit a two-part application. The first part of DOL's grant applications consists of submitting the Standard Form 424 (SF-424), "Application for Federal Assistance." The second part of a grant application usually requires a technical proposal demonstrating the applicant's capabilities in accordance with a statement of work and/or selection criteria.

The information collected in response to solicitations for grant applications has been and will be used by the Department of Labor for awarding grants to the applicants most suited for fulfilling the mission of the grant.
