

speak but could not be accommodated on the agenda, and those who were unable to participate are invited to submit written statements electronically by email to tina.faecke@nist.gov.

Anyone wishing to attend this meeting via web conference must register by 5 p.m. eastern time, Tuesday, May 13, 2025, to attend. Please submit your full name, the organization you represent (if applicable), email address, and phone number to Tina Faecke at tina.faecke@nist.gov. After pre-registering, participants will be provided with instructions on how to join the web conference.

Alicia Chambers,

NIST Executive Secretariat.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XE826]

Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council's Surfclam and Ocean Quahog Advisory Panel will hold a public webinar meeting. See **SUPPLEMENTARY INFORMATION** for agenda details.

DATES: The meeting will be held on Wednesday, April 30, 2025, from 9 a.m. until 11:30 a.m.

ADDRESSES: The meeting will be held via webinar. Connection information will be posted to the calendar prior to the meeting at www.mafmc.org.

Council address: Mid-Atlantic Fishery Management Council, 800 N State Street, Suite 201, Dover, DE 19901; telephone: (302) 674-2331; www.mafmc.org.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526-5255.

SUPPLEMENTARY INFORMATION: The purpose of this meeting is for the Advisory Panel to develop a fishery performance report (FPR) for Atlantic surfclam and ocean quahog. The intent of the FPR is to facilitate a venue for structured input from the Advisory

Panel for the specifications processes. The FPR will be used by the MAFMC's Scientific and Statistical Committee and Council when reviewing specifications for the 2026 fishing year.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to Shelley Spedden, (302) 526-5251, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: April 2, 2025.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF ENERGY

Request for Information on Artificial Intelligence Infrastructure on DOE Lands

AGENCY: Office of Policy, Department of Energy.

ACTION: Request for information (RFI).

SUMMARY: The United States has long been at the forefront of artificial intelligence (AI) innovation. Maintaining that leadership is a key national and economic security priority. AI infrastructure including data centers is a critical component of the modern economy, enabling AI training and inference, scientific research, and a wide range of other essential services. The U.S. Department of Energy (DOE) is exploring opportunities to leverage its land assets to support the growing demand for AI infrastructure. This aligns with the policy laid out in the executive order signed January 23, 2025, titled "Removing Barriers to American Leadership in Artificial Intelligence," to sustain and enhance America's global AI dominance in order to promote human flourishing, economic competitiveness, and national security.

DATES: Responses to the RFI are requested by May 7, 2025.

ADDRESSES: Responses should be submitted electronically to aiinfrastructure@hq.doe.gov and include "Data Center RFI Response" in the subject line of the email. Any information that may be business proprietary and exempt by law from public disclosure should be submitted as described in Section VI of this document.

FOR FURTHER INFORMATION CONTACT: Questions may be addressed to Neelesh

Nerurkar, Director of Infrastructure Policy in the Office of Policy, through aiinfrastructure@hq.doe.gov or by phone at (202) 586-8401 or (202) 586-2737.

SUPPLEMENTARY INFORMATION: DOE seeks to enable the construction of AI infrastructure at select DOE sites to begin by the end of 2025, with a target of commencing operation by the end of 2027. This RFI seeks to assess industry interest in developing, operating, and maintaining AI infrastructure on select DOE owned or managed lands, along with information on potential development approaches, technology solutions, operational models, and economic considerations associated with establishing AI infrastructure on DOE sites. In addition, this RFI seeks input from grid operators that serve DOE sites on opportunities and challenges associated with existing energy infrastructure and potential co-location of data centers with new energy generation.

DOE recognizes its relationships with Tribes and States and local governments as well as local communities, universities, businesses, utilities, and governments, contributing to economic development, education, and scientific advancement. As such, this RFI also seeks to gather input from potentially interested entities and individuals.

For the purposes of this RFI, AI infrastructure includes AI data centers, which contain specialized Information Technology (IT) equipment and associated cooling facilities, as well as their energy supply, including sources of generation, such as nuclear energy, and transmission and storage.

The Government anticipates authorizing land use rights and privileges through either a long-term Ground Lease or an Easement. The information gathered through this RFI may be considered in developing a public solicitation of private-sector proposals for AI infrastructure construction, operation, maintenance, and decommissioning on federal land.

This RFI is issued solely for information and planning purposes and does not constitute a solicitation.
