

Under the current rule, for example, if a corporate credit union has base-plus expanded authority and a base case NEV ratio of 1.40 percent, the rule permits the NEV ratio to decline 25 percent. This would be a decline of 35 basis points. Under the proposal, with the

inclusion of eligible MC, the corporate credit union would have a base case NEV ratio of 2.40 percent and the permissible decline would increase to 60 basis points. This decline is large in relation to the low level of base case NEV. By increasing the minimum NEV

ratio from 1 percent to 2 percent, the decline would be limited to no more than 40 basis points.

*Example of Including Eligible MCs and Increasing Minimum NEV Ratio*

IMPACT OF CHANGE TO MINIMUM NEV RATIO ON HYPOTHETICAL CORPORATE CREDIT UNION

	Current rule	Including eligible MCs in NEV	Including eligible MCs in NEV and increasing minimum NEV ratio to 2%
Base case NEV ratio .....	1.4% .....	2.4% .....	2.4%.
Permitted decline (25 percent of base case) .....	35 basis points .....	60 basis points .....	Limited to 40 basis points by minimum NEV ratio.
Resulting NEV ratio (not less than minimum NEV ratio) ...	1.05% .....	1.8% .....	2%.
Minimum NEV ratio .....	1% .....	1% .....	2%.

3. Should the Minimum NEV Ratio That Triggers Monthly Interest Rate Sensitivity Analysis Testing Be Increased?

Section 704.8(d)(1)(i) currently increases the requirement for testing from quarterly to monthly when the base case NEV ratio falls below 2 percent. The Board is considering raising it to 3 percent because, when the measured minimum NEV ratio is low, it is reasonable to monitor interest rate sensitivity more frequently. The contemplated changes to the NEV definition may increase the level of both the base case NEV and the minimum NEV.

*Aggregate Investment by Federal Credit Unions in PIC and MC in Corporate Credit Unions*

1. NCUA seeks comment on whether the Board should amend § 703.100(c) to increase the limit on the aggregate purchase of member PIC and MC in one corporate credit union from one percent to two percent. In conjunction with this change, the Board is considering adding a new provision that imposes a four percent limit on the aggregate purchase of member PIC and MC in all corporate credit unions.

*Corporate Credit Union Service Organizations (CUSOs)*

1. NCUA seeks comment on the definition of a corporate CUSO. Currently, the rule defines a corporate CUSO as an entity that is "at least partly owned by a corporate credit union" but does not specify a minimum ownership requirement. 12 CFR 704.11(a)(1). The Board believes that the definition of a corporate CUSO should be amended to ensure that there is a significant ownership interest by corporate credit unions. The Board is considering amending the definition to require that

a CUSO be considered a corporate CUSO only if any corporate credit union owns a minimum 25 percent interest or the aggregate interest by all corporate credit unions exceeds 50 percent.

**Amendment to Class E Airspace; Culpepper, VA**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** This document proposes to establish Class E airspace at Culpepper, VA. A helicopter Point in Space approach, has been developed for Culpepper Memorial Hospital, Culpepper, VA. Controlled airspace extending upward from 700 feet to 1200 feet Above Ground Level (AGL) is needed to contain aircraft executing the approach. This action proposes to establish Class E airspace to include the Point in Space approach to Culpepper Memorial Hospital Heliport. The area would be depicted on aeronautical charts for pilot reference.

**DATES:** Comments must be received on or before December 22, 2000.

**ADDRESSES:** Send comments on the proposal in triplicate to: Manager, Airspace Branch, AEA-520, Docket No. 00-AEA-12, F.A.A. Eastern Region, 1

**Comments Invited**

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, economic, environmental, and energy-related aspects of the proposal. Communications should identify the airspace docket number and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Airspace Docket No. 00-AEA-12". The postcard will be date/time stamped and returned to the commenter. All communications received on or before the closing date for comments will be considered before

taking action on the proposed rule. The proposal contained in this notice may be changed in light of comments received. All comments submitted will be available for examination in the Rules Docket both before and after the closing date for comments. A report summarizing each substantive public contact with the FAA personnel concerned with this rulemaking will be filed in the docket.

#### Availability of NPRMs

Any person may obtain a copy of this Notice of Proposed Rulemaking (NPRM) by submitting a request to the Office of the Regional Counsel, AEA-7, F.A.A. Eastern Region, 1 Aviation Plaza, Jamaica NY, 11434-4809. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRMs should also request a copy of Advisory Circular No. 11-2A, which describes the application procedure.

#### The Proposal

The FAA is considering an amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to establish Class E airspace area at Culpepper, VA. A RNAV Point in Space Approach has been developed for Culpepper Memorial Hospital Heliport Culpepper, VA. Controlled airspace extending upward from 700 feet AGL is needed to accommodate the approach. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface are published in Paragraph 6005 of FAA Order 7400.9H, dated September 1, 2000, and effective September 16, 2000, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979) and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that would only affect air traffic procedures and air navigation, it is certified that this proposed rule would not have significant economic impact on a substantial number of small

entities under the criteria of the Regulatory Flexibility Act.
