#### SUPPLEMENTARY INFORMATION:

##### Background

The Codex Alimentarius (Codex) was established in 1963 by two United Nations organizations, the Food and Agriculture Organization and the World Health Organization. Through adoption of food standards, codes of practice, and other guidelines developed by its committees, and by promoting their adoption and implementation by governments, Codex seeks to protect the health of consumers and ensure that fair practices are used in trade.

The Codex Committee on Fats and Oils was established to elaborate codes, standards and related texts for fats and oils. The Committee is hosted by the United Kingdom.

##### Issues To Be Discussed at the Public Meeting

The following items on the Agenda for the 20th Session of the Committee will be discussed during the public meeting:

- Matters Referred to the Committee from the Other Codex Bodies.

#### Cut-to-Length Carbon Steel Plate from the People's Republic of China: Final Results and Final Partial Rescission of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On August 10, 2006, the Department of Commerce ("Department") published in the *Federal Register* its preliminary results in the administrative review of the antidumping duty order on cut-to-length carbon steel plate ("CTL plate") from the People's Republic of China ("PRC") for the period November 1, 2004, through October 31, 2005. See *Cut-to-Length Carbon Steel Plate from the People's Republic of China: Notice of Rescission, In Part, and Preliminary Results of Antidumping Duty Administrative Review*, 71 FR 45768 (August 10, 2006) ("Preliminary Results"). Based upon our analysis of the comments received, as well as the hearing conducted, in this review, the Department continues to find that application of adverse facts available ("AFA") is warranted with respect to China Metallurgical Import & Export Liaoning Company ("Liaoning Company"). The Department is also rescinding the administrative review with respect to Angang New Steel Co., Ltd. and Angang Group Hong Kong Co., Limited (collectively "Angang"), as its request for review was timely withdrawn in accordance with 19 CFR 351.213(d)(1).

**EFFECTIVE DATE:** December 18, 2006.

**FOR FURTHER INFORMATION CONTACT:** Juanita H. Chen or Blanche Ziv, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue, NW, Washington, DC 20230; telephone: 202-482-1904 or 202-482-4207, respectively.

**SUPPLEMENTARY INFORMATION:**

## Background

On December 22, 2005, the Department published a notice of initiation of this administrative review of the antidumping order on CTL plate from the PRC for the period November 1, 2004, through October 31, 2005, covering Liaoning Company and Angang. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 70 FR 76024 (December 22, 2005). On August 10, 2006, the Department published its *Preliminary Results* in this administrative review, preliminarily applying AFA to Liaoning Company and preliminarily rescinding the review of Angang. In the *Preliminary Results*, the Department also provided interested parties an opportunity to comment and request a hearing on the *Preliminary Results*. On September 11, 2006, importer Marubeni-Itochu Steel America Inc. ("MISA") filed a notice of appearance in the proceeding, submitted a case brief and requested a hearing. On September 18, 2006, the Department received rebuttal briefs from petitioner Nucor Corporation and interested party domestic producer IPSCO Steel Inc. The Department held a public hearing on October 26, 2006. See transcript "In the Matter of: Cut to Length Carbon Steel Plate from the Peoples Republic of China" (October 26, 2006).

## Period of Review

The period of review ("POR") is November 1, 2004, through October 31, 2005.

## Scope of the Order

The products covered by this order include hot-rolled carbon steel universal mill plates (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 millimeters but not exceeding 1,250 millimeters and of a thickness of not less than 4 millimeters, not in coils and without patterns in relief), of rectangular shape, neither clad, plated nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain hot-rolled carbon steel flat-rolled products in straight lengths, of rectangular shape, hot-rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 millimeters or more in thickness and of a width which exceeds 150 millimeters and measures at least twice the thickness, as currently classifiable in the Harmonized Tariff Schedule of the

United States ("HTSUS") under item numbers 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7208.53.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, and 7212.50.0000. Included in this order are flat-rolled products of non-rectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling") – for example, products which have been beveled or rounded at the edges. Excluded from this order is grade X-70 plate. Also excluded from this order is certain carbon cut-to-length steel plate with a maximum thickness of 80 mm in steel grades BS 7191, 355 EM, and 355 EMZ, as amended by Sable Offshore Energy Project specification XB MOO Y 15 0001, types 1 and 2. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope is dispositive.

## Partial Rescission of Review

In the *Preliminary Results*, the Department preliminarily rescinded the review with respect to Angang, which timely withdrew its request for administrative review within the extended time limit granted by the Department. On May 15, 2006, notwithstanding its withdrawal of its request for review, Angang filed a letter to the Department requesting that the Department issue specific liquidation instructions on one of its shipments made during the POR. Since the issuance of the *Preliminary Results*, no party has demonstrated that the review should not be rescinded with respect to Angang. Pursuant to 19 C.F.R. 351.213(d)(1), the Department "will rescind an administrative review" if the review request is withdrawn in a timely manner and no other party requested a review. Accordingly, as Angang's withdrawal was timely and no other party requested a review for Angang, we are rescinding this administrative review with respect to Angang.

## Analysis of Comments Received

On September 11, 2006, importer MISA requested a hearing on the Department's decision not to issue liquidation instructions as requested by Angang. The issue raised in the case and rebuttal briefs by parties to this proceeding and to which we have responded is addressed in the Issue and Decision Memorandum to David M. Spooner, Assistant Secretary for Import
