

FR 101608). The IHS did not receive any comments in response to the notice of proposed redesignation.

In support of this expansion, the IHS makes the following findings:

1. By expanding the PRCDA to include Ada, Bear Lake, Blaine, Bonneville, Butte, Canyon, Cassia, Custer, Elmore, Franklin, Fremont, Gem, Gooding, Jefferson, Jerome, Madison, Minidoka, Oneida, Payette, Teton, Twin Falls, and Washington counties in the State of Idaho, the Shoshone-Bannock Tribe's PRC-eligible population will increase by an estimated 323 Tribal members.

2. The IHS finds that the Tribal members within the proposed, expanded PRCDA are socially and economically affiliated with the Shoshone-Bannock Tribes, based on a statement from the Shoshone-Bannock Tribes that Tribal members who reside in Idaho and receive direct care services from Tribal and Federal health programs located on the Tribes' reservation retain social and economic ties to the Tribes.

3. The expanded PRCDA counties form a contiguous area with the existing PRCDA, and members of the Shoshone-Bannock Tribes reside in each of the counties proposed for inclusion in the expanded PRCDA. Additionally, as noted above, Tribal members who reside in these counties seek direct care services from programs located on the Tribes' reservation. For these reasons, the IHS has determined the additional counties proposed for inclusion herein to be geographically proximate, meaning "on or near," to the Tribes' reservation.

4. The governing body of the Shoshone-Bannock Tribes has indicated that the PRC program can continue providing the same level of care to the PRC-eligible population if the PRCDA is expanded as proposed, without requiring additional funding or reduction of the current medical priority level.

An updated listing of the PRCDA for all federally recognized Tribes may be accessed via a link on the IHS PRCDA Expansion website (<https://www.ihs.gov/prc/prcda-expansion>).

**Public Comments:** The IHS did not receive any comments in response to the notice of proposed expansion.
