DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

SUPPLEMENTARY INFORMATION:

Description: The Trafficking Victims Protection Act of 2000 (TVPA), as amended, authorizes the Secretary of HHS to expand benefits and services to victims of severe forms of trafficking in persons in the United States (U.S.), without regard to their immigration status. The TVPA also authorizes HHS to establish and strengthen programs to assist U.S. citizens and lawful permanent residents who have experienced sex trafficking or severe forms of trafficking in persons (22 U.S.C. 7105(f)(1)). Acting under a delegation of authority from the Secretary of HHS, ACF awards cooperative agreements to organizations to establish a program to assist U.S.

citizens and lawful permanent residents who have experienced human trafficking—the DVHT Program. The DVHT Program is inclusive of the following two distinct programs: the Domestic Victims of Human Trafficking Services and Outreach Program (DVHT–SO) and the Demonstration Grants to Strengthen the Response to Victims of Human Trafficking in Native Communities Program (VHT–NC). Through the DVHT Program, grant recipients provide comprehensive case management to domestic survivors of human trafficking in traditional case management and Native community settings.

OTIP proposes to continue to collect information to measure grant project performance, provide technical assistance to grant recipients, assess program outcomes, inform program evaluation, respond to congressional inquiries and mandated reports, and inform policy and program development that is responsive to the needs of victims.

The information collection captures information on participant demographics (e.g., age, gender identity, race/ethnicity), type of trafficking experienced (sex, labor, or both), types of services and benefits provided, along with aggregate information on outreach activities conducted, subrecipients enrolled, and the types of trainings provided to relevant audiences. Minor updates have been made to performance indicators under this collection, in consultation with existing grant recipients and stakeholders, to reduce respondent burden and strengthen privacy and confidentiality. Specifically, to reduce burden and

strengthen client privacy and confidentiality, the following DVHT client-level indicators have been removed: Type of Intake, Date of Birth,

Disability Status, Services Requested at Intake, Benefits Requested at Intake, and Trafficker Relationship to Victim.

Respondents: DVHT Program Grant Recipients and Clients of those programs, specifically DVHT-SO and VHT-NC funding recipients.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Provision of Child Support Services in IV-D Cases Under the Hague Child Support Convention (OMB #0970-0488)

AGENCY: Office of Child Support Enforcement, Administration for

Children and Families, Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Office of Child Support Enforcement (OCSE), Administration for Children and Families (ACF), is requesting a three-year extension with proposed revisions to the Hague Child Support Forms (OMB #0970-0488, expiration February 28, 2023). There are two new forms being incorporated.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: On January 1, 2017, the 2007 Hague Convention on the International Recovery of Child Support and Other Forms of Family Maintenance (the Convention) entered into force for the United States. This multilateral Convention contains groundbreaking provisions that, on a worldwide scale, establish uniform, simple, fast, and inexpensive procedures for the processing of international child support cases. Under the Convention, U.S. states process child support cases with other countries that have ratified the Convention under the requirements

of the Convention and Article 7 of the Uniform Interstate Family Support Act (UIFSA 2008). In order to comply with the Convention, the U.S. implements the Convention's case processing forms.

Newly incorporated into this information collection are two additional forms, Request for Specific Measures and Request for Specific Measures—Response, which were approved in June 2022 for use under the Convention. The other forms remain unchanged.

State and federal law require states to use federally approved case processing forms. Section 311(b) of UIFSA 2008, which has been enacted by all 50 states, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands, requires states to use forms mandated by federal law. 45 CFR 303.7 also requires child support programs to use federally approved forms in intergovernmental IV-D cases unless a country has provided alternative forms as a part of its chapter in a Caseworker's Guide to Processing Cases with Foreign Reciprocating Countries.

Respondents: State agencies administering a child support program under title IV-D of the Social Security Act.
