Consultation

A detailed assessment of the human remains was made by the Burke Museum professional staff in consultation with representatives of the Lummi Tribe of the Lummi Reservation; the Nooksack Indian Tribe; and the Samish Indian Nation (previously listed as the Samish Indian Tribe, Washington).

History and Description of the Remains

In 1964, human remains representing, at minimum, one individual were removed from 45-WH-61 on Eliza Island, Whatcom County, WA. These remains were found by Richard C. Anderson of Eastgate Realty Company while bulldozing for a runway on Eliza Island. The remains were brought to the Burke Museum for identification and then donated to the museum in 1965 (Burke Accn. #1965-27). No known individuals were identified. No funerary objects are present.

The human remains have been determined to be Native American based on osteological and archeological evidence. Site 45-WH-61 is a pre-contact shell midden site on Eliza Island, a small island located less than a mile to the east of Lummi Island in Whatcom County, WA. Historical and anthropological sources state that Eliza Island is within the traditional territory of the Lummi (Amoss 1978, Stern 1934,

Suttles 1951, and Termaine 1975). Lummi Island was determined by the Indian Claims Commission to be within the aboriginal territory of the Lummi. The Lummi were signatories to the 1855 Point Elliot Treaty and today are represented by the Lummi Tribe of the Lummi Reservation.

Determinations Made by the Burke Museum

Officials of the Burke Museum have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and the Lummi Tribe of the Lummi Reservation.

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains should submit a written request with information in support of the request to Peter Lape, Burke Museum, University of Washington, Box 353010, Seattle, WA 98195, telephone (206) 685-3849 x2, plape@uw.edu, by May 28, 2015. After that date, if no additional requestors have come forward, transfer of control of the human remains to the Lummi Tribe of the Lummi Reservation may proceed.

The Burke Museum is responsible for notifying the Lummi Tribe of the Lummi Reservation; the Nooksack Indian Tribe; and the Samish Indian Nation (previously listed as the Samish Indian Tribe, Washington) that this notice has been published.
