**SUPPLEMENTARY INFORMATION:** Paragraph 19.11(e)(1) of title 10 of the *Code of Federal Regulations* (10 CFR), states that licensees shall prominently post the most recent version of NRC Form 3, "Notice to Employees" within 30 days of receiving the revised NRC Form 3 from the Commission. In a 1997 rulemaking, 10 CFR 19.11 was amended to incorporate a reference to the latest version of NRC Form 3. This eliminated the need to revise the CFR whenever NRC Form 3 is changed, which had been the previous practice. The final rule published on September 15, 1997

(62 FR 48165) indicated that the NRC would inform licensees of future changes to NRC Form 3 by an administrative letter, and, in addition, the availability of any new versions would be noticed in the **Federal Register**. Administrative letters were a type of generic communication issued to inform addressees of specific regulatory or administrative information but were discontinued in September 1999. As such, in lieu of an administrative letter, this revision and future revisions will be publicized through an alternative electronic means (e.g., website notice, social networking service, etc.) to alert all licensees of the new revisions, as well as in the **Federal Register**.

A new version of NRC Form 3 was issued in September 2024, to make a correction to Region III's mailing address. To view the current version of NRC Form 3 (09/2024), please go to <https://www.nrc.gov/reading-rm/doc-collections/forms/index.html>. A Spanish language version of the form (NRC Form 3A) can also be found on the same site.
